## About Alturas Minerals

Alturas is a Canadian corporation, and is the indirect parent of the Peruvian company, Alturas Minerals S.A. ("Alturas Peru") and of the Chilean company, Alturas Chile Limitada ("Alturas Chile"). Alturas Peru has been exploring various mineral projects in Peru since January 2004 and has three mineral exploration projects in drilling-stage, including the Utupara, Sombrero and Huajoto projects. Alturas also entered into a transfer agreement on its Pampa Colorada property in northern Peru with Origen Group S.A.C. but maintains royalty rights and a claw back clause on 60-100% of the mining rights under certain conditions (see press release dated January 5th, 2012). In 2014, Alturas interrupted its exploration activities in Chile and is focused in maintaining its exploration projects in Peru
