

Vancouver, BC / TheNewswire / June 3, 2016 - [Durango Resources Inc.](#) (TSX.V-DGO), (the "Company" or "Durango") announces that Durango has been offered several gold projects in the Timmins Camp in Ontario to review.

Durango is evaluating the gold project submittals and one of the projects has historic underground workings and another has historic gold intercepts at shallow depths.

Marcy Kiesman, CEO of Durango, comments, "Tahoe's Whitney Gold deposit results sparked our interest in the area. Our Whitney NW acquisition adjacent to NYSE listed Tahoe returned gold in till samples as reported in Durango's April 15, 2016 news. In one of the projects we are currently evaluating the initial gold intercepts reported are quite significant, so Durango will conduct further research to determine the full extent of the work completed on the historical gold intercepts."
