

TORONTO, June 14, 2016 /CNW/ - [Guyana Goldfields Inc.](#) (TSX: GUY) ("GGI" or the "Company") is pleased to announce that it will be added to the S&P/TSX Composite Index and the NYSE Arca Gold Miners Index, effective after the close of trading on Friday, June 17, 2016. S&P Dow Jones Canadian Index Services announced this addition on June 10, 2016, following results of their quarterly review.

Scott Caldwell, President & CEO of the Company, states, "We have built a strong foundation for future growth and value creation for our shareholders over recent years and inclusion in these indices validates our progress. The indices are also a performance benchmark for many mutual and pension funds and will bring future liquidity and investment in the Company and increase shareholder value".

The S&P/TSX Composite is the headline index for the Canadian equity market. It is the broadest in the S&P/TSX family and is the basis for multiple sub-indices including but not limited to equity indices, Income Trust Indices, Capped Indices, GICS Indices and market cap based indices. For more information, visit: [www.standardandpoors.com](http://www.standardandpoors.com).

The NYSE Arca Gold Miners Index (GDM) is a modified market capitalization weighted index comprised of publicly traded companies primarily involved in the mining of gold and silver in locations around the world and is the underlying index to the giant Market Vectors Gold Miners ETF (GDV). For more information, visit: [www.nyse.com](http://www.nyse.com).

About Guyana Goldfields Inc.

[Guyana Goldfields Inc.](#) is a Canadian based mid-tier gold producer primarily focused on the exploration, development and operation of gold deposits in Guyana, South America. The 100%-owned Aurora Gold Mine achieved commercial production January 1, 2016 and has a total gold resource of 6.54 million ounces in the measured and indicated categories (62.83 million tonnes at 3.24 g/t Au) as well as an additional 1.82 million ounces in the inferred category (16.93 million tonnes at 3.34 g/t Au). For further details, please refer to the report entitled "AGM Inc. Aurora Gold Project- Updated Feasibility Study" dated January 18, 2016 available on SEDAR at [www.sedar.com](http://www.sedar.com).

Forwarding-Looking Information

This news release contains "forward-looking information" which may include, but is not limited to, statements with respect to the estimation of mineral resources, future included principal debt repayments, the expectation that certain current liabilities will be funded from operating cash flows and subsequently eliminating the expectation that certain restricted cost overrun equity funds will be deposited in 2017 into debt service and mine closure restricted bank accounts at project completion, the expectation of reduced future mining costs and streamlining personnel as the Company transitions to a steady state mine operation. Often, but not always, forward-looking statements can be identified by the use of words and phrases such as "plans," "expects," "is expected," "budget," "scheduled," "estimates," "forecasts," "intends," "anticipates," or "believes" or variations (including negative variations) of such words and phrases, or state that certain actions, events or results "may," "could," "would," "might" or "will" be taken, occur or be achieved. Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made and are based on various assumptions.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include, the receipt of applicable regulatory approvals, among others, future included principal debt repayments, the expectation that certain current liabilities will be funded from operating cash flows and subsequently eliminating the expectation that certain restricted cost overrun equity funds will be deposited in 2017 into debt service and mine closure restricted bank accounts at project completion, the expectation of reduced future mining costs and streamlining personnel as the Company transitions to a steady state mine operation, fulfilling all conditions and payments pursuant to the Facility, general business, economic, competitive, political and social uncertainties; the actual results of exploration activities; changes in project parameters as plans continue to be refined; accidents, labour disputes and other risks of the mining industry; political instability; delays in obtaining governmental approvals or financing or in the completion of development or construction activities, as well as those factors discussed in the section entitled "Risk Factors" in GGI's annual information form. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this news release and the Company disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or results, except as may be required by applicable securities laws. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements.
