

GMUI Signs Ongoing Agreement with Cardno for Geological Services on North American Property

15.06.2016 | [ACCESS Newswire](#)

LITHIA, June 15, 2016 - [Gold Mining USA Inc.](#) (OTC: GMUI) - The company is pleased to announce that it has signed an ongoing agreement with Cardno, a professional infrastructure and environmental services company, to assist in the evaluation and implementation of a work program on one of its North America properties.

Additionally the company is honored to announce that Steve Craig, a well-known Certified Professional Geologist, will be heading up the efforts on the project.

Maurice Byrne, President of the Company, stated, "Adding a quality geological firm to our efforts is a big step in our overall dedication of adding value for the shareholders and the company. Cardno and Mr. Craig bring many years of experience that will add tremendous value in terms of evaluating and implementing a work program with the ultimate goal of developing the Prospect." Maurice further states, "Of course as progress is made on this project we will update our shareholders accordingly, but this is shaping up to be a very substantial step in a direction we've been heading towards over the past several months."

The company will be announcing in the near future more details about the project and its ongoing developments that the Cardno team achieve.

Forward Looking Statements This news release contains forward-looking statements made by Gold Mining USA, INC. in reliance upon the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All such statements included in this press release, other than statements of historical fact, are forward-looking statements. Although Management believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. Actual results may differ materially from those indicated by these statements. The following risk factors, among others, could cause actual results to differ materially from those described in any forward-looking statements. These risks and uncertainties include, but are not limited to, economic conditions, changes in the law or regulations, demand for products and services of the company, the effects of competition and other factors that could cause actual results to differ materially from those projected or represented in the forward looking statements. Forward-looking statements are typically identified by the words: believe, expect, anticipate, intend, estimate, and similar expressions or which by their nature refer to future events. It is always best to seek advice from a licensed financial advisor before making any investment.
