

VANCOUVER, June 29, 2016 /CNW/ - [Wellgreen Platinum Ltd.](#) (TSX: WG; OTC-QX: WGPLF) ("Wellgreen Platinum" or the "Company") is pleased to announce that Resource Capital Fund VI L.P. ("RCF") has indicated that it intends to participate in the Company's previously announced private placement of common shares at a price of C\$0.30 per common share (the "Private Placement"). RCF, which has a pro rata right pursuant to the terms of an ancillary rights agreement between the Company and RCF dated November 10, 2015, will exercise its pro rata right in full and subscribe for up to approximately 594,987 common shares, with the precise amount dependant on whether other outstanding pro rata rights are exercised. RCF's subscription will result in gross proceeds to the Company of up to approximately C\$178,500.

The Private Placement is subject to, among other things, receipt of all applicable regulatory approvals, including approval of the Toronto Stock Exchange ("TSX"). All Shares issued in the Private Placement will be subject to a statutory four month hold period.

The net proceeds of the Private Placement will be used for the development of the Company's Wellgreen PGM-nickel project in the Yukon and for general corporate purposes.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

#### About Wellgreen Platinum

Wellgreen Platinum is a Canadian mining exploration and development company focused on the active advancement of its 100% owned Wellgreen platinum group metals (PGM) and nickel project. Located in Yukon, Canada, the 2015 Preliminary Economic Assessment demonstrated that the Wellgreen PGM-nickel project has the potential to become a large, low cost, open pit producer of platinum, palladium, gold, nickel, and copper. The Wellgreen property is accessible from the paved Alaska Highway, which leads to year-round deep sea ports in southern Alaska.

The Company is led by a management team with a track record of successful large-scale project discovery, development, financing and operation. Our vision is to create value for our shareholders through development of the Wellgreen deposit into a leading North American PGM and nickel producer.
