The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Wellgreen Platinum

Wellgreen Platinum is a Canadian mining exploration and development company focused on the active advancement of its 100% owned Wellgreen platinum group metals (PGM) and nickel project located in Yukon, Canada. The 2015 Preliminary Economic Assessment demonstrated that the Wellgreen PGM-nickel project has the potential to become a large, low cost, open pit producer of platinum, palladium, gold, nickel, and copper. The Wellgreen property is accessible from the paved Alaska Highway, which leads to year-round deep sea ports in southern Alaska.

The Company is led by a management team with a track record of successful large-scale project discovery, development, financing and operation. Our vision is to create value for our shareholders through development of the Wellgreen deposit into a leading North American PGM and nickel producer.
