

[California Resources Corp.](#) (NYSE: CRC) today announced that it increased from \$525 million to \$750 million the maximum amount of cash (the "Maximum Consideration Amount") it may use to purchase its outstanding 5.0% Senior Notes due 2020, 5.5% Senior Notes due 2021, 6.0% Senior Notes due 2024 (together, the "Unsecured Notes") and 8.00% Second Lien Secured Notes due 2022 (the "8% Notes" and, together with the Unsecured Notes, the "Outstanding Notes") pursuant to its offer to purchase (the "Tender Offers"), upon the terms and conditions set forth in the offer to purchase, dated August 1, 2016 (the "Offer to Purchase"), and the related letter of transmittal ("Letter of Transmittal"). In addition, the Company today announced that it increased from \$200 million to \$375 million the maximum aggregate principal amount of 8% Notes that may be purchased in the Tender Offers (such principal amount, the "8% Notes Tender Cap"). No other terms of the Tender Offers have changed. The Tender Offers are subject to the 8% Notes Tender Cap and the Acceptance Priority Levels described below.

The increases in the Maximum Consideration Amount and the 8% Notes Tender Cap reflect the increase in the size of the Company's new first lien credit facility, which, as announced in the Company's press release dated Friday, August 5, 2016, is \$1 billion, exceeding the Company's initial target of \$700 million.

Holders who have already validly tendered (and not validly withdrawn) their Outstanding Notes do not need to re-tender their Outstanding Notes.

The Tender Offers will still expire at 11:59 p.m., New York City time, on August 26, 2016, unless extended by CRC (the "Expiration Time") or earlier terminated. Subject to the pro rata tender acceptance structure, Acceptance Priority Levels and the 8% Notes Tender Cap and other conditions set forth in the Offer to Purchase, for each \$1,000 principal amount of Outstanding Notes validly tendered (and not validly withdrawn) prior to 5:00 p.m., New York City time, on August 12, 2016 (as it may be extended, the "Early Participation Time"), holders of the Outstanding Notes ("Holders") remain eligible to receive the "Full Consideration" set forth in the table below, which includes the "Early Participation Premium" of \$50. For each \$1,000 principal amount of Outstanding Notes validly tendered after the Early Participation Time, Holders will only be eligible to receive the "Base Consideration" set forth in the table below.

The following table sets forth the Base Consideration, Early Participation Premium and Full Consideration for each series of Outstanding Notes:

Title of Security	CUSIP Number/ISIN	Principal Amount Outstanding	Acceptance 8% Notes		Dollars per \$1,000 Principal Amount of Outstanding Notes		
			Priority Level	Tender Cap	Base Consideration	Early Participation Premium	Full Consideration
5% Notes due 2020	13057QAB3/US13057QAB32	\$391,975,000	1	N/A	\$510	\$50	\$560
5½% Notes due 2021	13057QAD9/US13057QAD97 13057QAF4/US13057QAF46	\$754,757,000	2	N/A	\$490	\$50	\$540
6% Notes due 2024	13057QAE7/US13057QAE70 U1303AAC0/USU1303AAC00	\$824,923,000	2	N/A	\$460	\$50	\$510
8% Notes due 2022	13057QAG2/US13057QAG29 U1303AAD8/USU1303AAD82	\$2,250,000,000	3	\$375M	\$625	\$50	\$675

In addition to the Base Consideration or Full Consideration, as applicable, CRC will pay in cash accrued and unpaid interest on Outstanding Notes purchased in the Tender Offers to, but excluding the applicable Settlement Date as described below.

The Tender Offers continue to be conditioned on, among other things, (i) entry into, and effectiveness of, an amendment (the "Credit Agreement Amendment") to our existing first lien secured credit agreement (the "Existing Facility") and the availability of sufficient funds from the Existing Facility (as amended by the Credit Agreement Amendment) to consummate the Tender Offers and (ii) a sufficient aggregate principal amount of Outstanding Notes being validly tendered (and not validly withdrawn) to result in a minimum of \$500 million in aggregate principal amount of our Outstanding Notes being accepted for purchase.

Outstanding Notes that are validly tendered (and not validly withdrawn) at or before the Early Participation Time, and accepted by CRC, will be purchased by CRC on a settlement date that is expected to be on or about three business days following the Early Participation Time, or as promptly as practicable thereafter (the "Early Settlement Date"). Outstanding Notes that are validly tendered (and not validly withdrawn) after the Early Participation Time and at or before the Expiration Time, and accepted by CRC, will be purchased by CRC on a settlement date that is expected to be on or about three business days following the Expiration Time, or as promptly as practicable thereafter (together with the Early Settlement Date, the "Settlement Dates").

The amount of each series of Outstanding Notes that is purchased on any Settlement Date will continue to be determined in accordance with the respective "Acceptance Priority Levels" set forth in the table above (with 1 being the highest Acceptance Priority Level and 3 being the lowest Acceptance Priority Level), so that subject to the Maximum Consideration Amount and the 8% Notes Tender Cap and other offer conditions, all validly tendered (and not validly withdrawn) Outstanding Notes to be purchased on a Settlement Date having a higher Acceptance Priority Level will always be accepted before any validly tendered (and not validly withdrawn) Outstanding Notes to be purchased on such Settlement Date having a lower Acceptance Priority Level will be accepted. If a sufficient portion of the Maximum Consideration Amount remains to purchase some, but not all, of the Outstanding Notes of an applicable Acceptance Priority Level which are validly tendered (and not validly withdrawn), the amount of Outstanding Notes purchased of such Acceptance Priority Level will be prorated based on the aggregate principal amount validly tendered (and not validly withdrawn) with respect to such applicable Acceptance Priority Level, except that the Outstanding Notes of the applicable Acceptance Priority Level that were validly tendered (and not validly withdrawn) at or before the Early Participation Time will be accepted for tender before any such Outstanding Notes of the applicable Acceptance Priority Level that were validly tendered (and not validly withdrawn) after the Early Participation Time. If sufficient Outstanding Notes are tendered on or prior to the Early Participation Time such that the full amount of the Maximum Consideration Amount will be utilized, no Outstanding Notes will be accepted for purchase after the Early Participation Time.

Tendered Outstanding Notes may still be withdrawn from the Tender Offers at or prior to, but not after, 5:00 p.m., New York City time, on August 12, 2016 (the "Withdrawal Deadline"). CRC may, but is not obligated to, further increase the Maximum Consideration Amount without extending the Early Participation Time or reinstating withdrawal rights. Additionally, CRC may, subject to applicable law, with respect to the Tender Offers, in its sole and absolute discretion, (a) extend the Early Participation Time, Withdrawal Deadline or Expiration Time to a later date and time as announced by CRC; (b) further increase or eliminate the 8% Notes Tender Cap; (c) waive any or all conditions to the Tender Offers; or (d) terminate, withdraw or otherwise amend any or all of the Tender Offers.

The complete terms and conditions of the Tender Offers are described in the Offer to Purchase and related Letter of Transmittal, copies of which may be obtained by contacting Global Bondholder Services Corporation, the tender agent and information agent in connection with the Tender Offers, at (866) 470-3800 or (212) 430-3774 (banks and brokers).
