

OTTAWA, ONTARIO--(Marketwired - Aug 31, 2016) - [Stria Lithium Inc.](#) (TSX VENTURE:SRA) ("Stria" or the "Company") announces that it is still in the process of receiving subscriptions from subscribers and that the closing of the previously announced private placement on June 23, 2016, is expected to occur in the coming weeks.

About Stria

[Stria Lithium Inc.](#) (TSX VENTURE:SRA) is a Canadian junior mining exploration company with an expanding technology focus and is also the sole owner of the Pontax spodumene lithium property in Northern Quebec. Stria's mission is to be a reliable, profitable global source for both lithium metal and lithium compound products and process technologies for producing value added lithium products.

Stria's expanded business focus is on the application of in-house developed technologies and processes that lead to the production and milling of lithium metal and lithium metal foil for advanced lithium batteries.

From the production of lithium metal also comes the value added production of: lithium hydroxide; lithium carbonate; lithium fluoride; and lithium chloride.

Lithium is a critical metal in the universal fight against global warming. It is a core component of Lithium-Ion batteries used for powering electric vehicles and for industrial scale energy storage.

Forward-Looking Statement

This news release may contain forward-looking statements, being statements that are not historical facts, and discussions of future plans and objectives. There can be no assurance that such statements will prove accurate. Such statements are necessarily based upon a number of estimates and assumptions that are subject to numerous risks and uncertainties that could cause actual results and future events to differ materially from those anticipated or projected.
