## About Weebigee

Weebigee is a gold and base metals project located near Sandy Lake in Northwestern Ontario. The Project is approximately 225 km north of Red Lake, one of the world's most prolific gold camps, and 200 km west of Goldcorp's world-class Musselwhite mine. The Project comprises a main block of 363 claim units (~6000 ha.) held 100% by Goldeye subject to an option agreement with [GPM Metals Inc.](#) ("GPM") and an additional 1421 claim units (~22,000 ha.) staked by GPM, in the highly prospective and underexplored Sandy Lake greenstone belt. Sandy Lake Gold recently announced that it had acquired all of GPM's rights regarding the project. Certain of the claims are subject to a 1% net smelter returns ("NSR") royalty. Weebigee lies within the traditional territory of Sandy Lake First Nation ("SLFN") with whom Goldeye signed a comprehensive Exploration Agreement in 2013.
