

Millrock Resources invites individual and institutional investors as well as advisors to log-on to [VirtualInvestorConferences.com](http://VirtualInvestorConferences.com) to view presentation

VANCOUVER, British Columbia, Oct. 6, 2016 /CNW/ -- Millrock Resources (OTCQX: MRLKF, TSX-V: MRO), based in Vancouver, BC, focused on the discovery of world-class ore bodies through grassroots exploration, today announced that the October 4 presentation from President & CEO, Gregory A. Beischer, is now available for on-demand viewing at the OTCQX Virtual Investor Conference.

Gregory Beischer will explain the unique benefits and exploration advantages it receives from following the unconventional Project Generator Model, as well as discuss its current partners, exploration programs, and, most importantly, its plans and catalysts for the 2017 exploration season.

#### ABOUT MILLROCK RESOURCES

[Millrock Resources Inc.](http://MillrockResourcesInc.com) is a premier project generator to the mining industry. Millrock identifies, packages and operates large-scale projects for joint venture, thereby exposing its shareholders to the benefits of mineral discovery without the usual financial risk taken on by most exploration companies. The company is active in Alaska, British Columbia, the southwest USA and Sonora State, Mexico. Funding for drilling at Millrock's exploration projects primarily comes from its joint venture partners. Business partners of Millrock have included some of the leading names in the mining industry: Centerra Gold, First Quantum, Teck, Kinross, Vale, Inmet and Altius.
