

TORONTO, Oct. 13, 2016 /CNW/ - [Orefinders Resources Inc.](#) ("Orefinders" or the "Company") (TSX.V: ORX) is pleased to announce that it has completed its crushing program on its 100% owned Mirado Mine Stockpile project.

Orefinders has completed the crushing phase of the project with over 26,000 tonnes of resource that will be sent to the Westwood Mill. Of this 26,000 tonnes of crushed resource approximately 8,000 tonnes has already been delivered to the Mill. The Company is shipping over twenty truck loads per day from the Mirado and expects to have all of the resources at the Westwood towards the end of October.

The milling of the resource at the Westwood Mill is scheduled to begin the first week of November, and will be processed in a single continuous batch which is expected to take two weeks.

About Phase One of the Mirado Stockpile Project

Phase One is a resource that was blasted and mined from the Mirado' open pit mine during its production during in the 1980's. Orefinders has since completed a resource calculation on the Stockpiles which delineated an inferred resource of 20,742 tonnes at an average grade of 4.41 grams per tonne for a total of 2,939 contained gold ounces as disclosed in the Technical Report filed on Sedar on December 13, 2013.
