

NOT FOR DISSEMINATION TO U.S. NEWSWIRE SERVICES

[Select Sands Corp.](#) ("Select Sands" or the "Company") (TSX VENTURE:SNS) (OTC:CLICF) is pleased to announce a non-brokered private placement financing of common shares ("Common Shares") at a price of CDN\$0.77 per share to raise gross proceeds of up to US\$7,500,000 (the "Offering") to fund the purchase price of the previously announced asset acquisition with Tuttle Holding, LLC (see press release dated October 4, 2016), fund the purchase of the Sandtown property, and for general corporate purposes. The Company will have the option of increasing the size of the Offering by up to 25% prior to closing.

Completion of the Offering is subject to receipt of applicable regulatory approvals, including the approval of the TSX Venture Exchange. The securities issued by Select Sands in connection with the Offering will be subject to a four month hold period as prescribed by applicable securities laws.

A cash finders' fee equal to 6% of the gross proceeds raised under the Offering will be paid in to finders. In addition a number of finder warrants equal to 6% of the number of Common Shares issued in connection with the Offering will be issued to finders. Each finder's warrants will entitle the holder to purchase one Common Share of for a period of two years from the date of issuance of the warrants at an exercise price of CDN\$0.77 per share.

The Units will be offered pursuant to prospectus exemptions in certain provinces of Canada and in such other jurisdictions as may be determined by Select Sands. The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

Mark Horan, P.Eng. of Tetra Tech, a Qualified Person as defined by National Instrument 43-101, has reviewed and approved the scientific and technical disclosure in this News Release.

About Select Sands Corp.

Select Sands' Sandtown property, located in northeast Arkansas, USA, is underlain by the Ordovician St. Peter sandstone formation, which is a major source of Northern White Silica Sand. Compared to competitive sand mines located in Wisconsin owned by the largest US frac sand producers, Sandtown has a competitive location advantage as it is approximately 650 rail miles closer to the Texas/Louisiana oil/gas plays as well as the Houston port and industrial hub.

The Company has acquired a wet processing plant to produce Northern White 40/70 and 100 mesh silica sand products with daily capacity of up to 1,500 tons per day (see August 23, 2016 News Release). The wet processing plant includes feed hopper, conveyor, classifiers, cyclones, and control building and is optimized to increase its daily capacity at minimal cost as needed. The Company continues to seek additional opportunities in the region to secure strategic assets that will continue to optimize production

The Company has acquired 20 million common shares of [Comstock Metals Ltd.](#) pursuant to its sale of its gold assets to Comstock as set forth in the Company's press release issued on Sept. 14, 2016. The 20 million shares were issued at a deemed price of 29 cents per share for total deemed consideration of CAD\$4.4 million. After giving effect to the acquisition by the Company of the 20 million common shares, the Company has ownership or control over approximately 35.4 percent of the issued and outstanding common shares of Comstock.

As per the June 2015 PEA report by Tetra Tech of Golden, Colorado, USA and Vancouver, BC, Canada, the Sandtown property has a pre-tax net present value of US\$160 million and a post-tax net present value of US\$92 million. The PEA was completed on a portion of the current silica sand mineral resources (see the Select Sands' June 10, 2015 News Release). Select Sands would like to remind investors that mineral resources for the Sandtown Property are not mineral reserves and do not have demonstrated economic viability and there is no certainty that this PEA will be realized. The PEA is preliminary in nature that it includes inferred mineral resources that are considered too speculative geologically to have the economic considerations applied to them that would enable them to be categorized as mineral reserves, and there is no certainty that the PEA will be realized. Mineral resources are not mineral reserves and do not have demonstrated economic viability. There is no certainty that the resources development, production, and economic forecasts on which this PEA is based will be realized. Subsequent to the completion of the 2015 PEA, Select Sands announced an updated mineral resource estimate for the Sandtown property totaling 41.98 Million Tons of Indicated silica sand mineral resources (see the Select Sands February 10, 2016 news release).

Forward Looking Statements

This news release includes forward-looking information and statements, which may include, but are not limited to, information and statements regarding or inferring the future business, operations, financial performance, prospects, and other plans, intentions, expectations, estimates, and beliefs of the Company. Such statements include statements regarding the ability to complete the Offering, targets and future exploration on the Company's properties. Information and statements which are not purely historical fact are forward-looking statements. Forward-looking information and statements involve and are subject to assumptions and known and unknown risks, uncertainties, and other factors which may cause actual events, results, performance, or achievements of the Company to be materially different from future events, results, performance, and achievements expressed or implied by forward-looking information and statements herein. Although the Company believes that any forward-looking information and statements herein are reasonable, in light of the use of assumptions and the significant risks and uncertainties inherent in such information and statements, there can be no assurance that any such forward-looking information and statements will prove to be accurate, and accordingly readers are advised to rely on their own evaluation of such risks and uncertainties and should not place undue reliance upon such forward-looking information and statements. Any forward-looking information and statements herein are made as of the date hereof, and except as required by applicable laws, the Company assumes no obligation and disclaims any intention to update or revise any forward-looking information and statements herein or to update the reasons that actual events or results could or do differ from those projected in any forward looking information and statements herein, whether as a result of new information, future events or results, or otherwise, except as required by applicable laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this Release.
