About Kiska Metals Corporation - Discovery Starts Here

Kiska specializes in developing early-stage mineral exploration projects with the goal of discovering economic mineral deposits. The Company's focus and expertise is precious and base metal deposits in the Americas. Kiska employs the "Royalty and Project Generator" business model to finance exploration, leverage exploration dollars and data, and preserve shareholder equity. Kiska partners its projects with mining and exploration companies who share its vision and commitment with respect to environmentally and socially responsible mineral exploration and development. Kiska believes that the next generation of economic mineral deposits will be discovered by solid boots-on-the-ground fieldwork coupled with innovative exploration technologies -- this approach increases the odds of discovery and is Kiska's competitive advantage over its peers.

Kiska holds a high-quality portfolio of gold and copper projects throughout North America, large technical databases, and an extensive royalty portfolio. The Company has cash and marketable securities of ~\$6.8 million, and a modest market capitalization of ~\$7 million (116.3 million shares outstanding).
