About Sprott Resource Corp.

SRC is a publicly-listed private equity firm focused on the natural resource sector. The company currently has investments in energy production and services, mining and agriculture. SRC creates value for its investors by applying a disciplined investment process to deploy capital while managing risk within highly cyclical sectors. SRC is a business builder that is committed to being a value-added partner with proven management teams. SRC supports its investments through active management and the provision of long-term capital, as well as strategic, financial and governance oversight. Founded in 2007, the Company is based in Toronto, Canada and is managed by an experienced team of private equity specialists, supported by the technical and investment resources of Sprott Inc. and its subsidiaries and affiliates. Management of SRC is dedicated to generating long-term superior returns on capital for its shareholders, while focusing on risk management and real wealth preservation.
