12.12.2016 | [Marketwired](#)

VANCOUVER, Dec. 12, 2016 - [NxGold Limited](#) ("NxGold Ltd." or the "Company"), (TSX VENTURE:NXN) is pleased to announce that further to the news release dated December 8, 2016 announcing the non-brokered private placement (the "Offering"), it has received additional subscriptions for an aggregate of 3,200,000 units, bringing the total number of units to be issued and sold pursuant to the Offering up to 19,840,600 (for aggregate gross proceeds of approximately \$4.96 million). The units have the same terms as previously announced.

In connection with the Offering, as compensation for the placement of certain of the units, the Company has agreed to pay an aggregate of \$135,625 in cash, to certain finders. In addition, the Company has agreed to issue to one eligible finder a total of 441,000 finder's warrants. Each finder's warrant will entitle the holder thereof to purchase one Share for a price of \$0.25 for a period of 36 months following the date of closing of the Offering, and is otherwise on the same terms and conditions as the Warrants.

All securities to be issued pursuant to the Offering, including the finder's warrants, will be subject to a hold period of four (4) months and one day commencing on the closing date. The Offering is subject to the acceptance of the TSX Venture Exchange.

This news release is being issued less than 21 days before the closing of the Offering. This shorter period is reasonable and necessary in the circumstances as the size and nature of the Offering was only just determined.

The net proceeds of the Offering will be used to satisfy the Company's short term obligations under its previously announced earn-in agreement with Meliadine Gold Ltd., pursuant to which the Company has an exclusive option to earn up to a 70% interest in the Peter Lake Property, and for working capital purposes.
