High demand for Anthracite Coal

Henderson, January 12, 2017 - [AIM Exploration Inc](#) (OTC: AEXE) is excited to announce that all legal documents for both AIM Exploration Inc (USA) and AIM Exploration SA (Peru) and Prina Energy (India) have been completed and attested by the respective government agencies. The documents are in Dubai and have been submitted to MOFA (Ministry of Foreign Affairs) in Dubai for final attestation.

This is the final step required before being submitted to the DMCC in Dubai to set up the joint venture marketing arm for AIM Exploration Inc. The company is expected to be named AIM Exploration DMCC.

Once this is set up AIM will be well positioned to commence the marketing which AIM is positioned to execute. Mr. Karan Dhaliwal, CEO of Joint Venture company AIM Exploration DMCC, has been in Dubai working diligently to get all this accomplished. As soon as the joint venture corporation is in place, it is expected that AIM will move very quickly to secure long-term contracts to supply high-grade anthracite coal to companies that have shown a great deal of interest in working with AIM.

Bob Todhunter, CEO stated that this is very exciting for AIM Exploration and should result in contracts to be shipping coal from Peru during Q-2.
