

TSX Venture Exchange Accepts Nevada Clean Magnesium Memorandum Of Understanding with Big Blue Technologies LLC

15.02.2017 | [The Newswire](#)

VANCOUVER, February 15, 2017 - [Nevada Clean Magnesium Inc.](#) (TSXV:NVM; Frankfurt-M1V; OTC Pink Sheets: MLYFF) (the "Company" or "NCM") is pleased to announce that the TSX Venture Exchange has accepted for filing the Binding Memorandum of Understanding dated February 1, 2017 between Nevada Clean Magnesium Inc. (the "Company" or "NCM") and Big Blue Technologies LLC ("BBT") of Broomfield, Colorado, USA whereby the Company and BBT have agreed to enter into a technical joint venture.

Both parties will work together to further develop the NCM Process, the BBT Process and the Alpha Condenser in order to produce magnesium metal from the Tami - Mosi Magnesium property owned by NCM, as set forth in a definitive agreement to be completed on or before August 1, 2017.

For full details please refer to the Company's news release previously announced February 6, 2017.

About Big Blue Technologies LLC

BBT is a closely-held limited liability company formed under the laws of Colorado, U.S.A. It is engaged in developing high temperature chemical processing solutions to aid in the manufacture of magnesium and other light-weight high performance materials. Together with the University of Colorado, BBT has developed, and the University of Colorado has applied for two patents related to the production of magnesium, primarily using the chemistry known as carbothermic reduction. BBT has the right to receive a license to use of these patents, and derivative patents, on an exclusive basis as it continues to develop this technology.

This press release was prepared under the supervision and review of James Sever, P. Eng., president and COO for Nevada Clean Magnesium. Mr. Sever is a non-independent qualified person within the meaning of National Instrument 43-101 standards.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

Forward Looking Statements

Except for statements of historical fact, this news release contains certain "forward-looking information"

within the meaning of applicable securities laws. Forward-looking information is frequently characterized by words such as "plan," "expect," "project," "intend," "believe," "anticipate," "estimate" and other similar words, or statements that certain events or conditions "try" "would" "could" "may" or "will" occur. Forward-looking statements are based on the opinions and estimates of management at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking statements. The Company undertakes no obligation to update forward-looking information if circumstances or management's estimates or opinions should change except as required by law. The reader is cautioned not to place undue reliance on forward-looking statements. More detailed information about potential factors that could affect projected results is included in the documents filed from time to time with the Canadian securities regulatory authorities by the Company.
