

Cornerstone Metals Inc. Appoints Metallurgical Advisor

29.03.2017 | [Newsfile](#)

Vancouver, March 29, 2017 - [Cornerstone Metals Inc.](#) (TSXV: CCC) ("Cornerstone" or the "Company") is pleased to announce the appointment of Jacques McMullen, P.Eng., to its Advisory Board, effective immediately. Mr. McMullen holds a Bachelor Degree in Applied Sciences, Metallurgical Engineering (BASc) and a Master Degree of Applied Sciences in Mineral Processing (MASc.) both from Laval University, Quebec. He spent the initial 15 years of his career with LAC Minerals where he gained operations' management experience to eventually be involved with the optimization of all Milling Operations of the Company. Joining Barrick Gold through the take-over of LAC, Mr. McMullen rose to Senior Vice President roles during his 18 year operating career with Barrick. While having been a Director on various Boards, namely Orvana Minerals, Minera S.A., Highland Gold and currently NewCastle Gold, he also presently acts as corporate technical advisor to [Detour Gold Corp.](#). Through his technical exposure to a very large number of mining assets over the years, in operations, development and management of capital projects, he can identify key value drivers and gaps, and generate turn-around strategies to create shareholder value and catalyze business growth.

About Cornerstone Metals Inc.

Cornerstone's objective is to advance exploration/development stage copper and precious metals properties to production in the Americas. The Company's Management and Board Core Competence is in exploration, permitting, development, construction, and operation of mining projects.

Cornerstone owns 100% (subject to 1.5% NSR) of the West Jerome property, near Jerome, Arizona, on the west side of Freeport McMoRan patented lands. The property, in a Volcanogenic Massive Sulfide camp, is a high-grade, massive sulfide target located 2.4 km south of the past-producing United Verde (32 million tons grading 4.4% copper, 1.5 oz/t silver and 0.04 oz/t gold). The West Jerome property has attractive untested drill targets.

ON BEHALF OF [Cornerstone Metals Inc.](#)
