

VANCOUVER, BRITISH COLUMBIA--(Marketwired - Apr 3, 2017) - Dynasty Metals & Mining Inc. ("Dynasty" or the "Company") (TSX:DMM)(OTCQX:DMMIF) announced today that as a result of delays in completion of its audit, the Company has not filed its annual information form, financial statements and accompanying management's discussion and analysis for the fiscal year ended December 31, 2016 (the "Annual Filings") by March 31, 2017, being the date that such filings are due under applicable Canadian securities law requirements. The Company has applied for, and has been granted, a management cease trade order (the "MCTO") by the British Columbia Securities Commission.

The Company currently expects to file the Annual Filings on or before April 14, 2017 and will issue a news release announcing completion of such filings at such time. Until the Company files the Annual Filings, it will comply with the alternative information guidelines set out in National Policy 12-203 - *Management Cease Trade Order* for issuers who have failed to comply with a specified continuous disclosure requirement within the times prescribed by applicable securities laws. The guidelines, among other things, require the Company to issue bi-weekly default status reports by way of a news release so long as the Annual Filings have not been filed.

During the MCTO, the general investing public will continue to be able to trade in the Company's listed common shares. However, the Company's chief executive officer and chief financial officer will not be able to trade in the Company's shares.
