About Patterson-UTI

Patterson-UTI is an oilfield services company that primarily owns and operates in the United States one of the largest fleets of land-based drilling rigs and a large fleet of pressure pumping equipment. Our contract drilling business operates in the continental United States and western Canada, and our pressure pumping and oilfield rental tools businesses operate primarily in Texas and the Mid-Continent and Appalachian regions. We also provide drilling rig pipe handling technology to drilling contractors in North America and other select markets. In addition, we own and invest as a non-operating working interest owner in oil and natural gas assets that are primarily located in Texas and New Mexico.

Location information about the Company's drilling rigs and their individual inventories is available through the Company's website at www.patenergy.com.
