Important Notice

These materials may contain forward-looking statements regarding future events or the future financial performance of [Consolidated Minerals Ltd.](#) (the "Company"). You can identify forward looking statements by terms such as "expect", "believe", "estimate", "anticipate", "intend", "will", "could", "may", or "might", the negative of such terms or other similar expressions. These forward-looking statements include matters that are not historical facts and statements regarding the Company's intentions, beliefs or current expectations concerning, among other things, the Company's results of operations, financial condition, liquidity, prospects, growth, strategies, and the industry in which the Company operates. By their nature, forward-looking statements involve risks and uncertainties, because they relate to events and depend on circumstances that may or may not occur in the future. The Company cautions you that forward-looking statements are not guarantees of future performance and that the Company's actual results of operations, financial condition, liquidity, prospects, growth, strategies and the development of the industry in which the Company operates may differ materially from those described in or suggested by the forward-looking statements contained in these materials. In addition, even if the Company's results of operations, financial condition, liquidity,

prospects, growth, strategies and the development of the industry in which the Company operates are consistent with the forward-looking statements contained in these materials, those results or developments may not be indicative of results or developments in future periods. The Company does not intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. Many factors could cause the actual results to differ materially from those contained in forward-looking statements of the Company, including, among others, general economic conditions, the competitive environment, as well as many other risks specifically related to the Company and its operations, including those discussed in these materials.
