

Fundamental Research Initiates Coverage On Global Energy Metals

15.06.2017 | [The Newswire](#)

VANCOUVER, JUNE 15, 2017 / [Global Energy Metals Corp.](#) TSXV:GEMC | FSE:5GE1 ("Global Energy Metals", the "Company" and/or "GEMC") is pleased to announce that Fundamental Research Corp. ("Fundamental") is now covering Global Energy Metals and will be initiating an analyst report in the coming weeks. The introduction to the Company and an overview on the cobalt market has been published on their website in the report entitled "Consolidating Cobalt Projects" and is also available on our new website at www.globalenergymetals.com.

This summary report outlining the company's focus on building a diversified portfolio of cobalt projects can also be made available by contacting the analyst at Fundamental Research whose information appears at the bottom of this news release. As outlined in this initial report, Fundamental highlights one of the major attributes of this company including our strategic agreement with Beijing Easpring Material Technology Co. to jointly invest, develop and commercialize cobalt projects.

Fundamental expects the demand for cobalt in rechargeable batteries will continue to be the key demand driver of cobalt going forward with one of the biggest concerns being the supply constraints.

As reported, the Company is planning multiple acquisitions in the coming months and Fundamental recommends GEMC to investors.

[Global Energy Metals Corp.](#) (TSXV:GEMC | FSE:5GE1)

Global Energy Metals is focused on offering security of supply of cobalt, a critical material to the growing rechargeable battery market, by building a diversified global portfolio of cobalt assets including project stakes, projects and other supply sources. GEMC anticipates growing its business by acquiring project stakes in battery metals related projects with key strategic partners. Global Energy Metals currently owns and is advancing the Werner Lake Cobalt Mine in Ontario, Canada and has entered an agreement to earn-in to the Millennium Cobalt Project in Mt. Isa, Australia.
