Dr. Willoughby is a mining engineer with 38 years of experience in all aspects of mining projects, including underground and surface mining operations, process development, technical studies, permitting and financing. Since 2014, he has been principal, owner of Idaho-based consulting firm Willoughby & Associates, PLLC. Prior to forming Willoughby & Associates, he was President & COO of [International Enxco Ltd.](#), which was acquired by Denison Mines in 2014, and was a mining engineer with Teck/Cominco since 1989. Dr. Willoughby has been a Professional Engineer since 1985, and received his Doctorate in Mining Engineering & Metallurgy from the University of Idaho in 1989.

Don Huston, President of Cypress Development stated, “Bill Willoughby is an excellent addition to the advisory board of Cypress. He brings a wealth of mineral knowledge and professionalism to the Cypress exploration team. Dr. Willoughby’s experience with metallurgy and surface mining operations will be a great asset to the Company moving forward with its new discovery of Lithium on our Clayton Valley, Nevada project.”

In other news Cypress announces, pursuant to its stock option plan, it has granted incentive stock options to its directors, officers, employees and consultants to purchase up to an aggregate of 260,000 common shares in the capital stock of the Company, exercisable for a period of five years, at a price of \$0.10 per share. The Company's 10% rolling stock option plan was approved by the shareholders at the Annual General Meeting of the Company held on June 08, 2016.
