

# Aztec Minerals Corp.: Management Update

18.07.2017 | [FSCwire](#)

Vancouver, BC - At the request of IIROC, [Aztec Minerals Corp.](#) (AZT: TSX-V) (the "Company") wishes to confirm that the Company's management is unaware of any material change in the Company's operations that would account for the recent increase in market activity.

## About Aztec Minerals

Aztec is a mineral exploration company focused on the discovery of large porphyry gold-copper deposits in the Americas. Our first project and core asset is the prospective Cervantes gold-copper property in Sonora, Mexico.

## Cautionary Note Regarding Forward-Looking Statements

*This news release contains "forward-looking statements" within the meaning of the United States private securities litigation reform act of 1995 and "forward-looking information" within the meaning of applicable Canadian securities legislation. Such forward-looking statements and information herein include but are not limited to statements regarding the trading of Aztec's common shares on the TSXV, and Aztec's anticipated performance in 2017 and the future, including planned exploration and acquisition programs and budgets and the timing and results of various activities. Aztec does not intend to, and does not assume any obligation to update such forward-looking statements or information, other than as required by applicable law.*

*Forward-looking statements or information involve known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Aztec and its operations to be materially different from those expressed or implied by such statements. Such factors include, among others, changes in national and local governments, legislation, taxation, controls, regulations and political or economic developments in Canada and Mexico; financial risks due to precious and base metals prices, operating or technical difficulties in mineral exploration, development and mining activities; risks and hazards of mineral exploration, development and mining; the speculative nature of mineral exploration and development, risks in obtaining necessary licenses and permits, and challenges to Aztec's title to properties.*

*Forward-looking statements are based on assumptions management believes to be reasonable, including but not limited to: the continued operation of Aztec's exploration operations, no material adverse change in the market price of commodities, and such other assumptions and factors as set out herein. Although Aztec has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or information, there may be other factors that cause results to be materially different from those anticipated, described, estimated, assessed or intended. There can be no assurance that any forward-looking statements or information will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements or information. Accordingly,*

*readers should not place undue reliance on forward-looking statements or information.*
