

TORONTO, July 25, 2017 /CNW/ - [Rockwell Diamonds Inc.](#) ("Rockwell" or the "Company") (TSX: RDI; JSE: RDI) announces that it has postponed its annual meeting of shareholders ("AGM") scheduled for August 23, 2017 to October 2, 2017.

The key reason for the postponement is that the business rescue plan relating to the Company's South African subsidiaries which are being managed under the South African Business Rescue Provisions has to be filed by September 30, 2017.

The record date for the AGM is set at Friday, August 25, 2017 in respect of the Company's Canadian register; only shareholders on record as of Friday, August 25 are entitled to receive notice of the meeting and entitled to vote at the meeting.

In respect of the Company's South African register, only shareholders on record as of Friday, August 25, 2017 are entitled to receive notice of the meeting and only shareholders on record as of Friday, September 22, 2017 are entitled to vote at the meeting, with the last day to trade being Tuesday September 19, 2017.

About Rockwell Diamonds

Rockwell is engaged in the business of operating and developing alluvial diamond deposits. The Company also evaluates consolidation opportunities that have the potential to expand its mineral resources and production and provide accretive value to the Company.

Rockwell has set a strategic goal to become a mid-tier diamond production company with specific focus on the Middle Orange River region in South Africa.

As at the date of this document, Rockwell's subsidiary in South Africa (Rockwell Resources RSA Pty Limited) and its two subsidiaries (HC van Wyk Diamonds Limited and Saxendrift Mine Pty Limited) were being operated under Business Rescue Management as ordered by the Court, following an application by creditors of the three South African subsidiaries on May 18, 2017.

Rockwell's common shares trade on the Toronto Stock Exchange and the JSE Ltd under the symbol "RDI". Trading of Rockwell's shares is currently suspended initially at the request of the Company, pending clearance of the above uncertainty.

Forward Looking Statements

Except for statements of historical fact, this news release contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements.

Factors that could cause actual results to differ materially from those in forward-looking statements include uncertainties and costs related to the transaction and the ability of each party to satisfy the conditions precedent in a timely manner or at all, exploration and development activities, such as those related to determining whether mineral resources exist on a property; uncertainties related to expected production rates, timing of production and cash and total costs of production and milling; uncertainties related to the ability to obtain necessary licenses, permits, electricity, surface rights and title for development projects; operating and technical difficulties in connection with mining development activities; uncertainties related to the accuracy of our mineral resource estimates and our estimates of future production and future cash and total costs of production and diminishing quantities or grades of mineral resources; uncertainties related to unexpected judicial or regulatory procedures or changes in, and the effects of, the laws, regulations and government policies affecting our mining operations; changes in general economic conditions, the financial markets and the demand and market price for mineral commodities such as diesel fuel, steel, concrete, electricity, and other forms of energy, mining equipment, and fluctuations in exchange rates, particularly with respect to the value of the US dollar, Canadian dollar and South African Rand; changes in accounting policies and methods that we use to report our financial condition, including uncertainties associated with critical accounting assumptions and estimates; environmental issues and liabilities associated with mining and processing; geopolitical uncertainty and political and economic instability in countries in which we operate; and labour strikes, work stoppages, or other interruptions to, or difficulties in, the employment of labour in markets in which we operate our mines, or environmental hazards, industrial accidents or other events or occurrences, including third party interference that interrupt operation of our mines or development projects.
