

VANCOUVER, BC--(Marketwired - September 01, 2017) - [East Africa Metals Inc.](#) (TSX VENTURE: EAM) ("East Africa" or the "Company") East Africa announces that SinoTech (Hong Kong) Corporation Limited, an insider of the Company, has agreed to provide an unsecured loan to the Company in the amount of \$600,000.

The proceeds will be used for working capital, engineering work at the Terakimti Oxide Gold Project and exploration work to further define the resource at the Adyabo Project. The loan will bear an interest rate of 12% per annum is payable upon the earlier of (a) 15 Business Days after the closing of a financing or (b) 120 days from the Borrower's receipt of the Loan proceeds.

The loan from an insider is considered a related party transaction pursuant to Multilateral Instrument 61-101 *Protection of Minority Shareholders in Special Transactions*. The loan is exempt from the formal valuation requirement of such instrument and policy on the basis that the Company is not listed on a market specified under such instrument and policy, and the loan is exempt from the minority shareholder approval requirement of such instrument and policy on the basis that the loan is made on reasonable commercial terms which is not convertible into voting or equity securities of the Company.

The Company did not file a material change report 21 days prior to the closing of the loan as the Company considered it in the best interests of the Company to close the loan in order to use the funds prior to that time period.

More information on the Company can be viewed at the Company's website: [www.eastafricametals.com](http://www.eastafricametals.com).

On behalf of the Board of Directors:  
Andrew Lee Smith, P.Geo., CEO

#### *Cautionary Statement Regarding Forward-Looking Information*

*This news release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "anticipate", "believe", "plan", "expect", "intend", "estimate", "forecast", "project", "budget", "schedule", "may", "will", "could", "might", "should" or variations of such words or similar words or expressions. Forward-looking information is based on reasonable assumptions that have been made by East Africa as at the date of such information and is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of East Africa to be materially different from those expressed or implied by such forward-looking information, including but not limited to: early exploration; the closing of the agreement with the exploration and development company to advance the Magambazi Project or identify any other corporate opportunities for the Company; mineral exploration and development; metal and mineral prices; availability of capital; accuracy of East Africa's projections and estimates, including the initial mineral resource for the Adyabo, Harvest and Magambazi Projects; estimated timing of receipt of the Terakimti Oxide Gold mining licence and/or exploration licence extensions, interest and exchange rates; competition; stock price fluctuations; availability of drilling equipment and access; actual results of current exploration activities; government regulation; political or economic developments; foreign taxation risks; environmental risks; insurance risks; capital expenditures; operating or technical difficulties in connection with development activities; the speculative nature of strategic metal exploration and development including the risks of diminishing quantities of grades of reserves; contests over title to properties; and changes in project parameters as plans continue to be refined, as well as those risk factors set out in East Africa's management's discussion and analysis for the year end December 31, 2016, management's discussion and analysis for the three and six months ended June 30, 2017 and East Africa's listing application dated July 8, 2013. Forward-looking statements are based on assumptions management believes to be reasonable, including but not limited to the timely closing of the financing; the timely closing of the Handeni Property definitive agreement; the ability of the Company to repay the loan by the required date; the price of gold, silver, copper and zinc; the demand for gold, silver, copper and zinc; the ability to carry on exploration and development activities; the timely receipt of any required approvals; the ability to obtain qualified personnel, equipment and services in a timely and cost-efficient manner; the ability to operate in a safe, efficient and effective manner; and the regulatory framework regarding environmental matters, the renewal or extension of exploration licences, and such other assumptions and factors as set out herein. Although East Africa has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. The Company does not update or revise forward looking information even if new information becomes available unless legislation requires the Company do so. Accordingly, readers should not place undue reliance on forward-looking information contained herein, except in accordance with applicable securities laws.*

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
