

Northern Empire Resources Corp. Expands Sterling Gold Property, Nevada Drilling Update

06.09.2017 | [GlobeNewswire](#)

VANCOUVER, Sept. 06, 2017 - [Northern Empire Resources Corp.](#) (TSXV:NM) (the "Company" or "Northern Empire") today announced that it has entered into an option agreement to acquire six strategic claims within the Sterling Property, known as the Rosy Claims.

The six claims lie immediately south of the past producing Secret Pass deposit, which hosts an inferred resource of 188,000 oz Au grading 1.65 g/t using a 1 g/t cutoff.

Michael G. Allen, President of Northern Empire said, "The Rosy claims are a strategic acquisition to allow for expansion of the Secret Pass deposit to the south. An intercept of 56.4 meters grading 3.13 g/t Au* was drilled within meters of the property boundary and mapped structures extend onto the Rosy Claims."

* True thickness of this intercept is not known at this time.

Rosy Claims Acquisition Terms:

To complete the option, the Company must make three cash payments totaling US\$200,000. Upon completion of the option, the Company will grant a 3% Net Smelter Royalty (NSR) to the Vendor. The Company shall have the right to purchase two-thirds of the NSR for US\$1,000,000 for each one-third, subject to certain inflationary adjustments. The Company shall have a Right of Refusal on one-half of the remaining one-third, while the Vendor shall retain a Right of First Offer on the remaining one-half of one-third of the NSR.

Sterling Property Drilling Update:

To date the Company has completed two Reverse Circulation (RC) holes into the Daisy Deposit and an additional RC hole into the Secret Pass deposit. The rig is completing its final hole into Secret Pass then moving to the Sterling Mine. Samples for the three complete holes have been shipped for assay and the Company expects results in due course.

The Company is mobilizing a core rig to the Sterling Mine and it is expected to commence working in the coming days.

Sterling Property Highlights

- District Scale Exploration in the Walker Lane. 95 square kilometer land package features five past producing open pit and two underground gold mines with resources open for expansion.

- Permitted to begin operations. The Bureau of Land Management has issued a Finding of No Significant Impact ("FONSI") and approved the next phase of mining at the Sterling Mine. This permit was issued on May 12, 2016, is transferable, and has an indefinite term.

- Location. The Sterling Property is located approximately 185 kilometers NW of Las Vegas on the eastern flank of the Bare Mountains, in the Walker Lane Trend.

For further information on the Sterling Property please visit the Company's website, or refer to the technical report on the Sterling Property filed on June 18, 2017.
