

TORONTO, Sept. 20, 2017 /CNW/ - [Kerr Mines Inc.](#) ("Kerr" or the "Company") (TSX: KER, OTC: KERMF, FRA: 7AZ1) is issuing this press release in response to a request by the Investment Industry Regulatory Organization of Canada (IIROC) to comment on today's volatility in its share price and the higher-than-typical trading volumes. Kerr confirms that it is not aware of any material undisclosed information related to the company or its operations that would account for this trading activity.

Investors are advised that a summary of Kerr's strategy, plans and activities for the remainder of 2017 are available in the management's discussion and analysis for the three- and nine-month periods ended March 31, 2017 and in recent press releases, which are available electronically on SEDAR and on the company's website.

About Kerr Mines Inc.

Kerr Mines is a North American gold development and exploration company currently advancing the fully permitted past-producing Copperstone Mine project. Copperstone is a high-grade gold project located along the Walker Lane mineral belt in mining-friendly Arizona. The project demonstrates significant upside exploration potential within 12,000 acre a land package which includes a production history of over 500,000 ounces of gold. The Company's current focus is on maximizing Copperstone's potential by defining and expanding current resources and strengthening the mine's economics leading to a production decision.

Cautionary Note Regarding Forward Looking Statements

This news release contains forward-looking statements, including current expectations on the timing of the commencement of production and the rate of production, if commenced. These forward-looking statements entail various risks and uncertainties that could cause actual results to differ materially from those reflected in these forward-looking statements. Such statements are based on current expectations, are subject to a number of uncertainties and risks, and actual results may differ materially from those contained in such statements. These uncertainties and risks include, but are not limited to, the strength of the Canadian economy; the price of gold; operational, funding, and liquidity risks; the degree to which mineral resource estimates are reflective of actual mineral resources; and the degree to which factors which would make a mineral deposit commercially viable are present; the risks and hazards associated with underground operations. Risks and uncertainties about Kerr Mines' business are more fully discussed in the Company's disclosure materials, including its annual information form and MD&A, filed with the securities regulatory authorities in Canada and available at www.sedar.com and readers are urged to read these materials. Kerr Mines assumes no obligation to update any forward-looking statement or to update the reasons why actual results could differ from such statements unless required by law.

Neither TSX nor its Regulation Services Provider (as that term is defined in the policies of the TSX) accepts responsibility for the adequacy or accuracy of this release and no stock exchange, securities commission or other regulatory authority has approved or disapproved the information contained herein.
