

Firesteel Resources Inc.: Grants Stock Options

22.09.2017 | [The Newswire](#)

Vancouver, September 22nd, 2017 - [Firesteel Resources Inc.](#) (TSX-V: FTR) ("Firesteel" or the "Company") today announced that it has granted incentive stock options to certain of its directors, officers and consultants to purchase up to an aggregate of 2,500,000 common shares at an exercise price of \$0.08 per share.

All of the options have a life of five years and vest immediately. The options were granted under the Company's Stock Option Plan which was approved by shareholders and limit the total number of options under the plan to a maximum of 10% of the Company's issued capital.

Following the grant of the options the issued capital of Firesteel is as follows: Security Type; Common Shares 87,587,273 Options 6,250,000 Warrants 14,137,854. Fully Diluted is 107,975,127 common shares.

About the Company

Firesteel is an exploration-stage junior mining company engaged in the acquisition and exploration of prospective precious and base metal properties in Canada and stable jurisdictions around the world. Firesteel is currently working to evolve from an exploration company to becoming a junior producer.

On April 7, 2017, Firesteel first announced the signing of heads of agreement with Nordic Mines AB to form a joint venture to operate and eventually acquire 100% of Nordic Mines Marknad, a wholly owned subsidiary of Nordic Mines AB. Nordic Mines Marknad owns 100% of Nordic Mines OY, the operator of the fully permitted and past producing Laiva Mine near Raahe in Finland.

Firesteel recently completed an updated 43-101 resource estimate prepared in accordance with NI 43-101 guidelines and CIM standards (Firesteel Press release dated August 21, 2017). The results of that study include:

Laiva Open Pit Constrained Mineral Resource Estimate

Classification	Au g/t	Tonnes	Contained Au (troy ozs)
Measured	1.132	355,000	13,000
Indicated	1.248	3,442,000	138,000
Measured + Indicated	1.237	3,797,000	151,000
Inferred	1.531	9,030,000	445,000

The mineral resources presented here were estimated using a block model with a block size of 9 m by 9 m by 9 m sub-blocked to a minimum of 3 m by 3 m by 3 m using ID3 methods for grade estimation. All mineral resources are reported using a pit constrained gold cut-off of 0.40 g/t Au.

Mineral resources which are not mineral reserves do not have demonstrated economic viability. The estimate of mineral resources may be materially affected by environmental, permitting, legal, title, socio-political, marketing, or other relevant issues.

- - Nordic Mines OY
 - - Historical expenditures estimated at over EUR200,000,000
 - 250 tonne per hour autogenous Outotec mill
 - Cyanide leaching circuit
 - First dore cast in 2011
 - Conventional open pit mine
 - Excellent local infrastructure
- 2 additional early stage gold properties in Finland.

Firesteel currently has one highly prospective property in British Columbia.

Disclosure: Companies typically rely on comprehensive feasibility reports on mineral reserve estimates to reduce the risks and uncertainties associated with a production decision. The Company has not completed a feasibility study on, nor has the Company completed a mineral reserve estimate at the Laiva Mine and as such the financial and technical viability is deemed to have higher risk than if this work had been completed. Based on historical engineering and geological reports, historical production data and current engineering work completed or in process by Firesteel, the Company intends to move forward with the development of this asset.

The Star property is currently operated under a Joint Venture agreement between Firesteel (49%) and Prosper Gold. (TSX-V: PGX) (51%).

The Company further cautions that it is not basing any production decision on a feasibility study of mineral reserves demonstrating economic and technical viability, and therefore there is a much greater risk of failure associated with its production decision. In addition, readers are cautioned that inferred mineral resources are considered too speculative geologically to have economic considerations applied to them that would enable them to be categorized as mineral reserves.

Firesteel currently has one highly prospective property in British Columbia.

The Star property is currently operated under a Joint Venture agreement between Firesteel (49%) and Prosper Gold. (TSX-V: PGX) (51%).

Advisory Regarding Forward Looking Statements

This news release contains forward-looking statements. Users of forward-looking statements are cautioned that actual results may vary from forward-looking statements contained herein. Forward-looking statements include, but are not limited to: expectations, opinions, forecasts, projections and other similar statements concerning anticipated future events, conditions or results that are not historical facts. In certain cases, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". While the Company has based these forward-looking statements on its expectations about future events as at the date those statements were prepared, the statements are not a guarantee of the Company's future performance. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, it cannot give any assurance that such expectations will prove to be correct.

The Company's forward-looking statements are expressly qualified in their entirety by this cautionary statement and are made as of the date of this new release. Unless otherwise required by applicable securities laws, the Company does not intend nor does it undertake any obligation to update or review any forward-looking statements to reflect subsequent information, events, results or circumstances or otherwise.
