

# Global Energy Metals announces initial analyst coverage report by Fundamental Research Corp.

28.09.2017 | [The Newswire](#)

Vancouver, September 28, 2017 / [Global Energy Metals Corp.](#) TSXV:GEMC | FSE:5GE1 ("Global Energy Metals", the "Company" and/or "GEMC") is pleased to announce that Fundamental Research Corp. ("FRC") - a Vancouver, Canada based investment research company, generating and distributing research to a global audience, including, investment banks, institutional investors, as well as professional investors and relevant members of the global investment community - published an initial equity analyst research report on GEMC.

The research report dated September 27 2017, entitled '[Global Energy Metals Corp.](#) (TSXV:GEMC / Frankfurt:5GE1) - Initiating Coverage: Building a Diversified Portfolio of Cobalt Assets' was written and produced by FRC's Vice-President and Head of Research, Siddharth Rajeev, B.Tech, MBA, CFA, as an independent analysis of GEMC's activities and progress.

FRC's research department, headed by Sid Rajeev has covered over 300 small and micro-cap companies and 150 exempt market/private issues from a broad array of industries including Energy, Mining, Real Estate and Technology. Sid Rajeev regularly provides media commentary on the valuation of small cap stocks and industries he covers. He also manages the FRC list of Top Picks, which are the stocks under FRC's coverage, which he has the highest conviction level about. These picks have historically helped FRC to a high rating in various third-party analyst performance rankings. He is also co- author of two online courses including the very successful "Evaluation of Junior Mining Companies for Investment Purposes" which has evolved into classroom courses, seminars, and is in demand at investment conferences across North America.

The FRC report is currently available to view, or to download, from FRC's website - [www.researchfrc.com](http://www.researchfrc.com) or upon written request from FRC:

Analyst: Sid Rajeev

Fundamental Research Corp.

Since 2003, Fundamental Research Corp. has been providing the highest institutional quality equity research coverage on over 250 small and micro cap public companies through their extensive distribution network. In 2009, they began issuing reports on exempt market securities and have since issued over 80 reports. Their research is being used by some of the largest institutional investors in the world who access it through channels such as Reuters, Capital IQ, the Globe and Mail, and by subscription. In 2010, Fundamental Research's Top Picks earned them the 3rd highest ranked analyst firm with a return of 20.75% overall and first position in the Basic Materials Sector with a return of 29.07% based on third-party ranking systems that track analysts globally. They continue to rank in the Top Ten in independent third party evaluations on their research, and have developed a reputation for producing high quality reports. Fundamental Research

provides high-quality research and adheres to high ethical standards and a strong foundation of integrity.

Global Energy Metals President & CEO, Mitchell Smith, was also recently featured in a video interview with Investing News Network at the Extraordinary Future 2017 Conference where the Company received Stockhouse's Best of Show Honourable Mention for GEMC's linking cobalt and battery metals to the technology sector.

All reports on GEMC prepared by analysts represent the views of such analysts and are not necessarily those of GEMC. Although the Company has paid a fee to Fundamental Research Corporation to provide its independent research opinion (just as fees are paid to bond-rating agencies and auditors for their opinions), the Company is not responsible for the content, accuracy or timelines contained in an analyst's report and the fee was not dependent on the opinion provided.

In addition, readers should be aware, and are cautioned, that opinions, estimates, or forecasts contained in research analyst reports are not subject to the requirements of Canadian National Instrument 43-101 ("NI 43-101") "Standards of Disclosure for Mineral Projects" and have not received any endorsement or approval by GEMC. As such, GEMC does not imply or in any way represent that any of the reports, opinions, estimates, or forecasts regarding GEMC made by research analysts complies with NI 43-101 or represent the opinions or beliefs of GEMC or its management or representatives.

In addition to information filed by GEMC as found on SEDAR ([www.sedar.com](http://www.sedar.com)), readers should only refer to the technical report(s) of GEMC relating to its project prepared in accordance with NI 43-101.

[Global Energy Metals Corp.](#) (TSXV:GEMC | FSE:5GE1)

Global Energy Metals is focused on offering security of supply of cobalt, a critical material to the growing rechargeable battery market, by building a diversified global portfolio of cobalt assets including project stakes, projects and other supply sources. GEMC anticipates growing its business by acquiring project stakes in battery metals related projects with key strategic partners. Global Energy Metals currently owns and is advancing the Werner Lake Cobalt Mine in Ontario, Canada and has entered into an agreement to earn-in to the Millennium Cobalt Project in Mt. Isa, Australia.
