About Klondike Silver

Klondike Silver's Silver Lead Zinc land package is over 100 km² - the largest land package in the Slocan Mining Camp (Southeast British Columbia - 138 km North of Teck's Lead Zinc smelter (Trail B.C.)). Based on the British Columbia MINFILE mineral database, sixty eight (68) of the one hundred and seventy three (173) past producing Silver Lead Zinc mines in the Slocan Silver Camp are located in the Klondike Silver land package. Klondike Silver has created the first real opportunity to invest in and properly explore a sizeable portion of one of the most historic mining camps in British Columbia. Klondike likes to think of the Slocan as the last best under explored silver/lead/zinc camp in Canada. For additional information please visit the company website www.klondikesilver.com.
