This will be a live, interactive online event where investors are invited to ask international companies their questions in real-time and to download a company's information in their "virtual trade booth" in the Exhibits section. If attendees are not able to join the event live on the day of the conference, an on-demand archive will be available for 90 days.

Participation is free of charge.

It is recommended that investors pre-register to save time and receive event updates.

#### Recent Company Highlights

- Harmony announced the acquisition of Moab Khotsong - one of the largest and most profitable gold producers in South Africa
- Harmony recorded a 5% increase in gold production and 5% decrease in all-in sustaining unit costs quarter on quarter, for the first quarter ended 30 September 2017 of its 2018 financial year

#### About Harmony

Harmony, a world-class gold mining and exploration company, has operations and assets in South Africa and Papua New Guinea (PNG). Harmony has more than 67 years' experience in the industry. Our assets include one open pit mine and several exploration tenements in PNG, as well as 9 underground mines and 1 open pit operation and several surface sources in South Africa. In addition, we own 50% of the significant Golpu copper-gold project in a joint venture in PNG.

Harmony's growth aspiration is to produce 1.5 million ounces at a target all-in sustaining cost of US\$950/oz by its 2019 financial year. The investment in Hidden Valley in PNG (open pit) and the recently announced acquisition of the profitable Moab Khotsong operations in South Africa enhances the quality of our portfolio of assets.
