

HPQ Silicon Announces Equity Financing to Advance PUREVAP(TM) Testing and Commencement of Pilot Plant Equipment Build Out

14.11.2017 | [Marketwired](#)

MONTREAL, QUEBEC--(Marketwired - Nov 14, 2017) - HPQ Silicon Resources Inc ("HPQ") (TSX VENTURE:HPQ)(FRANKFURT:UGE)(OTC PINK:URAGF) is pleased to inform shareholders that it is proceeding with a non-brokered equity financing to support the advancement of its ongoing PUREVAP™; Quartz Reduction project. The current round of funds are targeted at advancing Gen2 testing and commencement of the Pilot Plant Equipment build out.

Bernard Tourillon, Chairman and CEO of HPQ Silicon stated: *"This round of funding will provide HPQ-Silicon with the resources and flexibility to continue the advancement of the Gen2 testing and Pilot Plant Equipment project with PyroGenesis. After this round, the remaining capital expenditure to complete the entire project, including running the Pilot Plant Equipment, is estimated to be \$3.8 million. Regarding the financing of the \$3.8 million, HPQ management is in discussion with institutions in order to complete the financing package during 2018."*

Terms of the proposed Private Placement

HPQ-Silicon is proceeding with a non-brokered private placement of up to 11,400,000 units ("Unit") at \$0.10 per Unit for gross proceeds of up to \$1,140,000. Insider participation in this placement could account for up to 5% of the total amount subscribed.

Net proceeds of the placement will be used for on-going business development costs related to the development of HPQ PUREVAP™; Quartz Reduction Reactor project and 200 TPY Pilot Plant Equipment, general corporate expenses, placement fees and legal expenses. If demand warrants it, the placement may be increased by up to another 5,000,000 units.

Each Unit is comprised of one (1) common share and one (1) common share purchase warrant ("Warrant") of the Company. Each Warrant will entitle the holder thereof to purchase one common share of the capital stock of the Company at an exercise price of \$ 0.15 during a period of 36 months from the date of closing of the placement. Each share issued pursuant to the placement will have a mandatory four (4) month and one (1) day holding period from the date of closing of the placement. The placement is subject to standard regulatory approvals.

The Corporation will pay Finder's Fees, subject to the TSX-V policies, to introducing agents that participate in the private placement.

About HPQ Silicon

[HPQ Silicon Resources Inc.](#) is a TSX-V listed resource company planning to become a vertically integrated

and diversified Metallurgical Grade and Solar Grade Silicon Metal producer.

Our business model is focused on developing a disruptive one step High Purity and Solar Grade Silicon Metal manufacturing process (patent pending). HPQ plans to generate high yield returns and significant free cash flow within a relatively short time line. The process will have a greatly decreased carbon footprint, energy footprint, and will eliminate the use of the toxic chemical reagents and by products now in use by the current solar silicon production technologies, which fundamentally date from designs made in the mid 1900's.
