VANCOUVER, BRITISH COLUMBIA--(Marketwired - Dec 6, 2017) - Lundin Gold Inc. ("Lundin Gold" or the "Company" (TSX:LUG)(OMX:LUG) is pleased to announce that it has drawn an additional US\$40 million under the gold prepay credit facility with the Orion Mine Finance Group and Blackstone Tactical Opportunities. The funds will be used to support the ongoing development of the Fruta del Norte gold project in Ecuador.

About Lundin Gold

Lundin Gold, headquartered in Vancouver, Canada, is developing its wholly-owned Fruta del Norte gold project in southern Ecuador. Fruta del Norte is one of the highest-grade and largest gold projects currently under construction. The Company's board and management team have extensive expertise in mine construction and operations, and are dedicated to advancing the project through to first gold production in 2019.

The Company operates with transparency and in accordance with international best practices. Lundin Gold is committed to delivering value to its shareholders, while simultaneously providing economic and social benefits to impacted communities, fostering a healthy and safe workplace and minimizing the environmental impact. The Company believes that the value created through the development of Fruta del Norte will benefit its shareholders, the Government and the people of Ecuador.

Additional Information

The information in this release is subject to the disclosure requirements of Lundin Gold under the EU Market Abuse Regulation and the Swedish Securities Markets Act. This information was publicly communicated at 3:45 pm Pacific Time on December 6, 2017.

Caution Regarding Forward-Looking Information and Statements

Certain of the information and statements in this press release are considered "forward-looking information" or "forward-looking statements" as those terms are defined under Canadian securities laws (collectively referred to as "forward-looking statements"). Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, identified by words or phrases such as "anticipates", "expects", "is expected", "scheduled", "estimates", "pending", "intends", "plans", "forecasts", "targets", or "variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "will", "might", "will be taken", or "occur" and similar expressions) are not statements of historical fact and may be forward-looking statements.

By their nature, forward-looking statements and information involve assumptions, inherent risks and uncertainties, many of which are difficult to predict, and are usually beyond the control of management, that could cause actual results to be materially different from those expressed by these forward-looking statements and information. Lundin Gold believes that the expectations reflected in this forward-looking information are reasonable, but no assurance can be given that these expectations will be correct. Forward-looking information should not be unduly relied upon. This information speaks only as of the date of this press release, and the Company will not necessarily update this information, unless required to do so by securities laws.

This press release contains forward-looking information, including the use of funds drawn under the facility. Lundin Gold's actual results could differ materially from those anticipated. Management has identified the following risk factors which could have a material impact on the Company or the trading price of its shares: the ability to arrange financing and the risk to shareholders of dilution from future equity financings; risks related to carrying on business in an emerging market such as possible government

instability and civil turmoil and economic instability; volatility in the price of gold; the timely receipt of regulatory approvals and licenses; risks associated with the performance of the Company's contractors; risks inherent in the development of an underground mine; deficient or vulnerable title to mining concessions and surface rights; shortages of resources, such as infrastructure and the dependence on key personnel; risks associated with the Company's community relationships; unreliable infrastructure and local opposition to mining; volatility in the market price of the Company's shares; uncertainty with the tax regime in Ecuador; measures required to protect endangered species; difficulty complying with changing government regulations and policies, including without limitation, compliance with environment, health and safety regulations, and the cost of compliance or to obtain or to comply with applicable laws; exploration and development risks; the accuracy of the Mineral Reserve and Resource estimates; the Company's reliance on one project; the Company's lack of operating history in Ecuador; illegal mining; uncertainties as to reclamation and decommissioning; adverse global economic conditions; risks associated with the Company's information systems; the inadequacy of insurance; risks of bribery or corruption; the potential for litigation; limits of disclosure and internal controls; and the potential influence of the Company's largest shareholders.

There can be no assurance that such statements will prove to be accurate, as Lundin Gold's actual results and future performance could differ materially from those anticipated in this forward-looking information as a result of the factors discussed in the "Risk Factors" section in Lundin Gold's Annual Information Form for the financial year ended December 2016, which is available on SEDAR at www.sedar.com.
