

Resolve Acquires Additional Claims Adjacent to New Nadina Explorations' Silver Queen Property

12.12.2017 | [CNW](#)

VANCOUVER, Dec. 12, 2017 /CNW/ - [Resolve Ventures Inc.](#) (TSX-V: RSV) (the "Company" or "Resolve") is pleased to announce that it has entered into an option agreement, whereby the Company may acquire a 100% interest in the Son Property (the "Property") located 51 kilometres southeast of Houston, British Columbia, Canada from two arm's length vendors.

The Son Property lies 20 kilometres to the southwest of the recently acquired Mary Property, announced November 27, 2017. The Son block consists of two claims totaling 2,495 hectares and lies 10.3 kilometres south of the New Nadina block. The underlying geology of this claim block is Cretaceous Kaslaka Group andesitic volcanics intruded by a small plug of the Cretaceous Bulkley intrusions. A regional fault transects the claim block along the southwest contact of the intrusion. Historic exploration on the Son block includes geological mapping and rock and soil geochemistry. Several geochemical anomalies were identified but do not appear to have been followed up, (Source: BC Ministry of Mines Assessment Report 19107).

The Property appears to have additional exploration history. Resolve plans to review the complete assessment record of historical work on the Moore Property to assist in the planning of an exploration program to identified potential drill targets.

Resolve Ventures, President and CEO Clive Massey stated: "We are very excited about the acquisition of a second claim group in this emerging area play as it puts us in a position to exploit some very interesting exploration opportunities in an area proven to be rich with mineral resources."

Property Transaction Terms:

Under the terms of the agreement, the Company can earn a 100% interest in the Property by paying \$15,000 cash upon TSX Venture Exchange ("Exchange") approval and incurring a minimum \$100,000 in exploration expenditures within the first year. The vendors shall retain a 2% net smelter returns royalty of which the Company may purchase 1% for \$1,500,000.

The agreement is subject to Exchange approval. All shares issued will be subject to a four month and one day hold period.

ABOUT RESOLVE VENTURES

Resolve is a Vancouver based publicly listed exploration company trading on the TSX Venture Exchange. The company is led by a highly skilled management and technical team with numerous previous successes in the junior mining sector.

R. Tim Henneberry, P.Geo., Resolves's Geologist and a Qualified Person as defined by NI 43-101, has reviewed and approved the technical information contained in this news release.

On Behalf of the Board of Directors of the Company,

Clive Massey
