

Durango Resources Inc. Positioned Beside Metallis in Golden Triangle

13.12.2017 | [The Newswire](#)

Vancouver, December 13, 2017 - [Durango Resources Inc.](#) (TSX.V-DGO), (the "Company" or "Durango") announces that further to the news of December 8th, 2017, it has acquired a fractional claim adjacent on the eastern boundary of the [Metallis Resources Inc.](#) (TSX.V-MTS) Kirkham Property for staking fees.

The new claim fraction is located southeast of the Nickel Mountain project which compliments Durango's existing fractional claim, which lies adjacent to the eastern boundary of [Garibaldi Resources Corp.](#) (TSX.V-GGI). On December 8, 2017, GGI announced new drill results of over 8% nickel in "Discovery hole 14 (EL-17-14), collared 200 metres east of the historical E&L deposit (discovery zone)...".

Marcy Kiesman, President of Durango stated, "The quality of the reported mineralization intervals in GGI's hole EL-17-14 has compelled Durango management to participate further by strategically positioning for discovery on trend with the reported direction of mineralization in the Nickel Mountain area."

About Durango

Durango is a natural resources company engaged in the acquisition and exploration of mineral properties. The Company has a 100% interest in the Mayner's Fortune limestone properties in northwest British Columbia, the Decouverte and Trove gold properties in the Abitibi Region of Quebec, and certain lithium properties near the Whabouchi mine, the Buckshot graphite property near the Miller Mine in Quebec, the Dianna Lake silver project in northern Saskatchewan, and the Whitney Northwest property near the Lake Shore Gold and Goldcorp joint venture in Ontario.
