Mr. Leber has more than 30 years of experience as a professional geologist with various companies including Inco Gold, Hudson Bay Mining & Smelting, Aur Resources, Niogold, Agnico Eagle, Wesdome Gold Mines, QMX Gold and IAMGOLD. He has worked in gold, base metals and nickel exploration and production in Quebec, Ontario, Manitoba and Saskatchewan. He began his career in exploration, and alternated between mining and exploration, working as a supervisor for the past eight years. "We are very pleased to welcome Ms. Desjardins and Mr. Leber to Monarques' growing team," said Jean-Marc Lacoste, President and Chief Executive Officer of Monarques. We are delighted to have access to their knowledge and expertise at this important stage in Monarques' history."

The Company has granted Ms. Desjardins and Mr. Leber a total of 200,000 stock options, in accordance with the terms and conditions of the Company's current stock option plan.
