

Eldorado Gold Provides an Update on Greek Arbitration

19.12.2017 | [CNW](#)

TSX: ELD NYSE: EGO

VANCOUVER, Dec. 19, 2017 /CNW/ - [Eldorado Gold Corp.](#) ("Eldorado" or the "Company") confirms that at the request of the arbitral panel, the 90-day arbitration period has been extended by 60 days to now end on April 6, 2018. This domestic arbitration with respect to the action initiated by Greece's Ministry of Finance and Ministry of Environment and Energy (the "Ministries") against the Company's subsidiary Hellas Gold S.A. (see the Company's press release dated September 15, 2017). The arbitration was at the request of the arbitral panel and by agreement of Hellas Gold S.A. and the Ministries.

The Company remains confident that the current arbitration will demonstrate its adherence to all applicable laws and regulations. The Company believes that with open dialogue both parties will come to a mutually agreeable solution to enable full and accelerated development of the Company's Kassandra assets in the Halkidiki region, Greece.

Forward Looking Statement

Certain of the statements made and information provided in this press release are forward-looking statements or information. The meaning of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities laws, but not always, forward-looking statements and forward-looking information can be identified by the use of words such as "expects", "is expected", "budget", "continue", "projected", "scheduled", "estimates", "forecasts", "projected", "intends", "anticipates", or "believes" or the negatives thereof or variations of such words and phrases or statements that certain events or results "to be", "may", "could", "would", "might" or "will" be taken, occur or be achieved. Such forward-looking statements or information include, but are not limited to, statements or information with respect to this news release.

Forward-looking statements and forward-looking information by their nature are based on assumptions and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or information.

We have made certain assumptions about the forward-looking statements and information, including assumptions about geopolitical, economic, permitting and legal climate that we operate in; the future price of gold and other commodities; exchange rates; anticipated costs and expenses; production, mineral reserves and resources and metallurgical recoveries, the impact of acquisitions, dispositions, suspensions or delays on our business and the ability to achieve our goals.

Even though our management believes that the assumptions made and the expectations represented by such statements and information are reasonable, there can be no assurance that the forward-looking statement or information will prove to be accurate. Many assumptions may be difficult to predict and are beyond our control.

Furthermore, should one or more of the risks, uncertainties or other factors materialize, or should underlying assumptions be incorrect, actual results may vary materially from those described in forward-looking statements or information. These risks, uncertainties and other factors include, among others, the following: geopolitical and economic climate (global and local); gold and other metal price volatility; mining operational and development risk; foreign exchange risk; and

country operational risks; risks of sovereign investment; regulatory environment and restrictions, including environment regulatory restrictions and liability; discrepancies between actual and estimated production, mineral reserves and resource metallurgical recoveries; risks related to impact of the sale of our Chinese assets on the Company's operations; risks related to acquisition of [Integra Gold Corp.](#); additional funding requirements; currency fluctuations; litigation and arbitration risks; and non-governmental organization actions; speculative nature of gold exploration; dilution; share price volatility; compensation of key employees; and defective title to mineral claims or property, as well as those factors discussed in the sections entitled "Forward-Looking Statements" and "Risk factors in our business" in the Company's most recent Annual Information Form Form 40-F. The reader is directed to carefully review the detailed risk discussion in our most recent Annual Information Form on SEDAR under our Company name, for a fuller understanding of the risks and uncertainties that affect the Company's business and operations.

There can be no assurance that forward-looking statements or information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, you should not place undue reliance on forward-looking statements or information contained herein. Except as required by law, we do not expect to update our forward-looking statements and information continually as conditions change and you are referred to the full discussion of our Company's business contained in the Company's reports filed with the securities regulatory authorities in Canada and the United States.
