

A.I.S. Resources Drilling and Seismic Exploration Application and Plan Approved at Chiron Project Prepares Seismic Survey

05.01.2018 | [The Newswire](#)

Vancouver, January 5, 2018 - A.I.S. Resources Limited (TSX-V - AIS, OTCQB: AISSF) (the "Company" or "AIS") announces it has been granted an exploration licence for seismic and drilling at its Chiron project. This allows the company to quickly progress to a TEM seismic program and then drilling immediately following.

AIS has entered into a contract with Quantec Geoscience Argentina S.A. to conduct a 19 point TEM (VES) seismic survey in early January 2018. The survey will utilize one Geonics EM37 transmitter, a Geonics Protem 37 receiver and a 3D coil.

The main objective of the requested TEM surveys is to define the subsurface horizon's that are highly conductive that will likely define the presence of aquifers on the properties down to a depth of approximately 400 metres for drill targets.

ADVISORY: This press release contains forward-looking statements. More particularly, this press release contains statements concerning the anticipated use of the proceeds of the Private Placement. Although the Corporation believes that the expectations reflected in these forward-looking statements are reasonable, undue reliance should not be placed on them because the Corporation can give no assurance that they will prove to be correct. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. The intended use of the proceeds of the Private Placement by the Corporation might change if the board of directors of the Corporation determines that it would be in the best interests of the Corporation to deploy the proceeds for some other purpose. The forward-looking statements contained in this press release are made as of the date hereof and the Corporation undertakes no obligations to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws. Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
