

# Global Energy Metals to Exhibit at PDAC 2018 Providing Attendees Exposure To Pure-Play Cobalt Investment Opportunity

26.02.2018 | [The Newswire](#)

Vancouver, Feb 26, 2018 / [Global Energy Metals Corp.](#) TSXV:GEMC | OTCQB:GBLEF | FSE:5GE1 ("Global Energy Metals", the "Company" and/or "GEMC") is pleased to announce that the Company will be showcasing its pure-play cobalt investment opportunity at the PDAC International Convention, Trade Show & Investors Exchange being held March 4th - 7th, 2018 in Toronto, ON.

GEMC has announced a series of strategic initiatives, including strengthening the cobalt resource at the Millennium Cobalt project in Mt. Isa, Queensland Australia, advancing the Werner Lake Cobalt project in northwestern Ontario Canada through a partner funded work program and strengthening its cobalt project portfolio by securing assets in safe, mining-friendly jurisdictions, that management believes should significantly increase the Company's long-term growth outlook and enhance its access to not only capital but also strategic partnerships seeking exposure to cobalt.

Company representatives, including President & CEO Mitchell Smith will be available at booth 2217B in the Investors Exchange March 6th and 7th during session two of the conference.

As announced on February 21st, drilling is currently in progress at the Millennium Cobalt Project as part of the first phase exploration program that continues to focus on infill drilling of existing mineralized zones and exploring potentially new discoveries and extensions in the immediate area of the project.

Paul Sarjeant, VP Projects & Director, having recently returned from the Millennium project, will be available at the Company's booth between 1pm and 2:30pm on Tuesday and between 10am and 11am on Wednesday to field any technical queries related to both the Millennium Cobalt project and the Werner Lake Cobalt Mine.

Should a one-on-one meeting with management during the conference be of interest, please call or email using the contact information below.

Global Energy Metals Corporation

(TSXV:GEMC | OTCQB:GBLEF | FSE:5GE1)

Global Energy Metals is focused on offering security of supply of cobalt, a critical material to the growing rechargeable battery market, by building a diversified global portfolio of cobalt assets including project stakes, projects and other supply sources. GEMC anticipates growing its business by acquiring project stakes in battery metals related projects with key strategic partners. Global Energy Metals currently owns and is advancing the Werner Lake Cobalt Mine in Ontario, Canada and has entered into an agreement to earn-in to the Millennium Cobalt Project in Mt. Isa, Australia.
