VANCOUVER, British Columbia, March 27, 2018 (GLOBE NEWSWIRE) -- Sabina Gold & Silver Corp (TSX:SBB), ("Sabina" or the "Company") is pleased to announce that it has filed a final base shelf prospectus (the "Shelf Prospectus") with the securities regulatory authorities in each of the provinces and territories of Canada other than Quebec.

The Shelf Prospectus will enable Sabina to make offerings of up to \$500 million of any combination of common shares, debt securities, subscription receipts, units and warrants during the 25-month period that the Shelf Prospectus, including any amendments thereto, remains valid. The nature, size and timing of any such financings (if any) will depend, in part, on Sabina's assessment of its requirements for funding and general market conditions. Unless otherwise specified in the prospectus supplement relating to a particular offering of securities, the net proceeds from any sale of any securities will be used to advance Sabina's business objectives and for general corporate purposes, including funding ongoing operations and/or working capital requirements, repaying indebtedness outstanding from time to time, discretionary capital programs and potential future acquisitions. The specific terms of any future offering will be established in a prospectus supplement to the Shelf Prospectus, which supplement will be filed with the applicable Canadian securities regulatory authorities.

A copy of the Shelf Prospectus is available on SEDAR (www.sedar.com) and also may be obtained by contacting the Vice President, Communications & Corporate Secretary of the Company at Suite 1800 – Two Bentall Centre, 555 Burrard Street, Vancouver, British Columbia, Canada, V7X 1M7, telephone 604 998-4175.

The common shares, debt securities, subscription receipts, units, warrants and share purchase contracts have not been, nor will they be, registered under the United States Securities Act of 1933, as amended and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons absent registration or an applicable exemption from the registration requirements. This news release will not constitute an offer to sell or the solicitation of an offer to buy nor will there be any sale of the securities in any State in which such offer, solicitation or sale would be unlawful.

About Sabina Gold & Silver

Sabina Gold & Silver Corp. is well-financed with approximately C\$94.5million in cash and equivalents, and is an emerging precious metals company with district scale, advanced, high grade gold assets in one of the world's newest, politically stable mining jurisdictions: Nunavut, Canada.

Sabina released a Feasibility Study on its 100% owned Back River Gold Project which presents a project that has been designed on a fit-for purpose basis, with the potential to produce ~200,000 ounces a year for ~11 years with a rapid payback of 2.9 years (see "Technical Report for the Initial Project Feasibility Study on the Back River Gold Property, Nunavut, Canada" dated October 28, 2015) (the "Study"). At a US\$1,150 gold price and a 0.80 (US\$:C\$) exchange rate, the Study delivers a potential after tax internal rate of return of approximately 24.2% with an initial CAPEX of \$415 million.

The Project received its final Project Certificate on December 19, 2017. The Project is now in the final regulatory and licensing phase.

In addition to Back River, Sabina also owns a significant silver royalty on Glencore's Hackett River

Project. The silver royalty on Hackett River's silver production is comprised of 22.5% of the first 190 million ounces produced and 12.5% of all silver produced thereafter.

Sabina Gold & Silver Corp. is well-financed and had approximately C\$94.5million in cash and equivalents post-closing a strategic equity investment in January 2018.
