

# International Zeolite Launches Smell Grabber at Home Hardware Stores Nationwide

23.04.2018 | [FSCwire](#)

Vancouver, British Columbia (FSCwire) - [International Zeolite Corp.](#) (the "Company") (TSX.V: IZ) (OTCQB: CNZCF) (FSE: ZEON), is pleased to announce full national availability of Smell Grabber Household Deodorizer at Home Hardware stores across Canada. Following a limited introduction of Smell Grabber in 2017, the Company's retail and commercial subsidiary (Earth Innovations Inc.) attended the Home Hardware Spring Market last week to introduce the Smell Grabber product line to Home Hardware store owners and staff from across Canada.

Smell Grabber can be found at, or ordered through, your local Home Hardware store with product item code #5011-535. To order or to find out more information, please visit:

Smell Grabber works by trapping the gases that cause many of the common odors in our daily lives. "Garbage bins, compost, diaper pails, and cat litter; each of these can cause unpleasant odors in your home," said Company CEO, Ray Paquette. "Smell Grabber eliminates these odors without artificial masking agents. Safe and effective, it's a great solution for household smells."

Smell Grabber is made from zeolite, an all-natural volcanic mineral, which is 100% natural and contains no added chemicals or dyes. Unlike air fresheners, which simply mask the odor, Smell Grabber tackles the offensive smell at the source; dealing with the root cause of the problem is the first step to eliminating the odor. Smell Grabber is also safe to use around pets and children.

On Behalf of the Board

"Ray Paquette"

President & CEO
