The Amended and Restated By-Law No. 1 was approved by the board of directors of Trinidad on April 3, 2018 and confirmed by shareholders at the Annual Meeting. A copy of the Amended and Restated By-Law No. 1 can be found on Trinidad's SEDAR profile at www.sedar.com.

Trinidad has not been provided with an explanation as to why there were a significant number of votes withheld against the election of Mr. Heier, Trinidad's Chair. However, Trinidad is aware of shareholder concerns regarding its past share price performance and is continuing to proactively take steps to enhance shareholder value. Trinidad believes that the current trading price does not reflect the value of the Company, despite improving industry fundamentals and recent steps taken to improve shareholder value. As a result, earlier in 2018, Trinidad initiated a strategic review process in an effort to enhance shareholder value. Progress is being made in this strategic process, including the recent sale of three underutilized rigs held by the Company's Saudi Arabian joint venture. The Board is continuing to evaluate additional opportunities and is undertaking a comprehensive review of a wide range of alternatives and their potential to enhance shareholder value.

This strategic review process is not a reflection of the Company's financial or operating situation. Trinidad remains in a strong financial position, generating free cash flow from its core business to fund its capital program, and has additional liquidity through its existing credit facilities. The Company has not set a definite schedule to complete this strategic review and does not intend to disclose developments unless the Board has approved a specific transaction or action plan, or decides that disclosure is necessary or appropriate.
