("Wheaton" or the "Company") is pleased to announce that the new precious metals purchase agreement with [First Majestic Silver Corp.](#) ("First Majestic") (the "First Majestic PMPA") on the San Dimas mine has now closed following the completion of the plan of arrangement (the "Arrangement") whereby First Majestic has acquired all of the outstanding common shares of [Primer Mining Corp.](#) ("Primer").

As previously announced on January 12, 2018, in connection with the Arrangement, Wheaton Precious Metals International Ltd. ("Wheaton International") agreed to terminate the existing San Dimas silver purchase agreement with Primer (the "Existing SPA") and enter into the First Majestic PMPA. The Arrangement was completed on May 10, 2018.

First Majestic PMPA Terms:

- 25% of gold production plus an additional amount of gold equal to 25% of silver production converted to gold at a fixed gold to silver exchange ratio of 70:1 from San Dimas, with provisions to adjust the gold to silver ratio if the average gold to silver ratio moves above or below 90:1 or 50:1, respectively, for a period of six months
- For each ounce of gold delivered, Wheaton International will pay to First Majestic a production payment equal to the lesser of US\$600/oz, subject to a 1% annual inflationary adjustment, and the prevailing market price

For more information on the First Majestic PMPA, please refer to Wheaton's news release dated January 12, 2018.

As part of the transaction and in addition to the new stream, First Majestic issued 20,914,590 First Majestic common shares to Wheaton International (the "First Majestic Shares").

"The acquisition of Primer by First Majestic marks the start of a new chapter for the San Dimas mine," said Randy Smallwood, President and Chief Executive Officer of Wheaton. "We believe First Majestic has an excellent opportunity to unlock the significant exploration and operational potential of San Dimas, including the silver-rich areas. We are excited to now be the largest shareholder of First Majestic as they re-establish San Dimas as one of the premier precious metals mines in Mexico."

In connection with the Arrangement, Wheaton International released the guarantee previously provided by [Goldcorp Inc.](#) ("Goldcorp") under the Existing SPA in consideration for a payment of US\$10 million from Goldcorp to Wheaton International. Furthermore, the US\$0.50 per ounce penalty for each ounce less than 215 million ounces delivered by 2031 has been extinguished.

In addition, Wheaton also announces that it has terminated the guarantee previously provided by Wheaton and certain of its subsidiaries under Primer's existing revolving credit facility.

The First Majestic Shares are subject to Canadian, United States and contractual resale restrictions, including a six month hold period (subject to certain exceptions) with volume selling restrictions thereafter.
