

Nevada Clean Magnesium Rebrands US Subsidiary

16.05.2018 | [The Newswire](#)

VANCOUVER, May 16, 2018 - Nevada Clean Magnesium, Inc. (TSX-V:NVM; Frankfurt-M1V; OTCQB:MLYFF) (the "Company") announces that Nevada Moray, Inc., a wholly owned USA subsidiary of Canadian parent company, [Nevada Clean Magnesium Inc.](#) has changed its name to Nevada Clean Magnesium USA, Inc. ("NCMUSA"). The Company considers that the Nevada Clean Magnesium brand has gained value and the name change of its US based subsidiary better reflects the Company's overall goals and operations. The name change became effective in April, 2018.

About Nevada Clean Magnesium, Inc.

Nevada Clean Magnesium is focused on becoming a major U.S. producer and distributor of primary, high grade, low cost magnesium metal extracted from its 100% owned Tami-Mosi property located in North Central Nevada. Based on the Company's NI 43-101 Preliminary Economic Assessment Report published in September 2011 and amended in July 2014, the Tami-Mosi Project has an inferred resource of 412 million tonnes with an average grade of 12.3% Mg for a contained metal content of 111 billion pounds of magnesium using a 12% cut-off grade contained within a high purity dolomite block. For more information, please visit www.nevadacmi.com.

The technical portion of this press release was prepared under the supervision and review of James Sever, P. Eng., and COO for Nevada Clean Magnesium. Mr. Sever is a non-independent qualified person within the meaning of National Instrument 43-101 standards.

Forward-Looking Statement

Statements in this news release that are not historical facts are forward-looking statements that are subject to risks and uncertainties. Forward-looking statements in this news release include that we can become a major U.S. producer and distributor of primary, high grade, low cost magnesium metal. Actual results may differ materially from those currently anticipated due to a number of factors, including the Company's dolomite resource may not be mined because of technical, regulatory, financing or other obstacles, the market price for magnesium may make our resources uneconomic, we may not be able hire and retain skilled employees, and other risks associated with being a mineral exploration and development company. The Company undertakes no obligation to update forward-looking information except as required by law. The reader is cautioned not to place undue reliance on forward-looking statements. These forward-looking statements are made as of the date of this news release.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
