

New Dimension Announces Appointment of Cameron McLean as VP Exploration

17.05.2018 | [CNW](#)

TSX-V: NDR

VANCOUVER, May 17, 2018 /CNW/ - [New Dimension Resources Ltd.](#) (TSXV: NDR) (the "Company" or "New Dimension") is pleased to announce the appointment of Robert Cameron McLean as Vice President & Exploration. Mr. McLean is a professional geologist with over 20 years of exploration and management experience, having worked on numerous projects within Canada and internationally and in a wide range of commodities. Mr. McLean is a graduate of the University of Alberta and is a registered professional geologist with the Association of Professional Geologists of Ontario.

Prior to joining New Dimension, Mr. McLean led the exploration team at North American Palladium's Lac des Iles Mine in Northern Ontario. In this role, Mr. McLean and his team oversaw the conversion of over 22Mt of resources to reserves and added more than 10Mt of new resources to Lac des Iles' mineral inventory. Previously, Mr. McLean has also led successful teams exploring for gold, silver, diamonds, uranium, REE, base metals and PGE's in Peru, Siberia, Greenland, and across Canada.

Eric Roth, New Dimension's CEO, commented today: "I am delighted to be welcoming a person of Cameron's calibre to the role of VP Exploration for New Dimension. Cameron has extensive experience in both gold and base metal exploration, and his skill set will be key in assisting us with our goal of discovering high grade precious metal resources on our projects in Argentina and Canada. Cameron has already been involved, in a consulting capacity, in the planning phase of our Las Calandrias and Los Cisnes drill programs, and will therefore be able to contribute proactively from the moment we initiate these drill programs.

Going forward, I look forward to keeping the market informed on progress at our key projects".

About New Dimension Resources

New Dimension is engaged in the acquisition, exploration and development of quality mineral resource properties throughout the Americas, with a focus on precious metals. The Company's current focus is on the discovery through drilling of new high grade gold-silver resources at its 100%-owned Las Calandrias, Los Cisnes and Sierra Blanca projects, all located in the highly prospective Deseado Massif of Santa Cruz Province, southern Argentina. The Company also holds an option on the Savant Lake gold project in Ontario, together with an active JV interest (with Yamana Gold) in the Domain gold project in Manitoba.

Qualified Persons and Disclosure Statement
