Forward Looking Statements:

This press release may contain or refer to forward-looking information under Canadian securities legislation, including statements regarding the timing of future mineral resource estimates and the PEA, estimation of mineral resources, exploration results, potential mineralization, exploration and mine development plans, timing of the commencement of

operations and future production and is based on current expectations that involve a number of business risks and uncertainties. The words "believe," "expect," "feel," "plan," "anticipate," "project," "could," "should" and other similar expressions generally identify forward-looking statements. Forward-looking statements are subject to significant risks and uncertainties, and other factors that could cause actual results to differ materially from expected results. Readers should not place undue reliance on forward-looking statements. Factors that could cause actual results to differ materially from any forward-looking statement include, but are not limited to, failure to convert estimated mineral resources to reserves, capital and operating costs varying significantly from estimates, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects and the other risks involved in the mineral exploration and development industry, as well as those factors discussed in the section entitled "Risks of the Business" in the Company's most recent regulatory filings which are posted on SEDAR at www.sedar.com. These forward-looking statements are made as of the date hereof and the Company assumes no responsibility to update them or revise them to reflect new events or circumstances other than as required by applicable securities law. These and other factors made in public disclosures and filings by the Company should be considered carefully.
