

Swank Capital and Cushing Asset Management Announce Rebalancing of The Cushing® Energy Supply Chain Index

05.06.2018 | [PR Newswire](#)

DALLAS, June 4, 2018 -- Swank Capital, LLC, and Cushing® Asset Management, LP, announce today an upcoming interim rebalancing of The Cushing® Energy Supply Chain Index (the "Index"). Per the Index's methodology guide, the removal of an Index constituent from a Sub-Index without a named direct replacement necessitates the rebalancing of the Index. On June 4, 2018, S&P Dow Jones Indices announced that Index constituent Monsanto Company (NYSE: MON) will be removed from the S&P 500 Index ("SPX") and, by extension, the S&P 500 Materials Index ("S5MATR"), a Sub-Index of the Index, effective prior to the open of trading on June 7, 2018. S&P Dow Jones has announced that the replacement named for MON will not be a member of S5MATR. After the markets close on June 6, 2018, the constituents of the Index will be rebalanced, and the changes in the table below will become effective on June 7, 2018.

ABOUT THE CUSHING® ENERGY SUPPLY CHAIN INDEX

The Cushing® Energy Supply Chain Index tracks the performance of widely held companies engaged in exploration and production, refining and marketing, or storage and transportation of oil, natural gas, coal and consumable fuels; oil and natural gas equipment and services companies; and companies that extract and/or manufacture materials. Constituents of the Index are weighted based on current yield. The Index price level is calculated by S&P Dow Jones Indices and reported on a real-time basis under the Bloomberg ticker "CSCI".

ABOUT SWANK CAPITAL AND CUSHING® ASSET MANAGEMENT

Cushing® Asset Management, LP ("Cushing"), a subsidiary of Swank Capital, LLC, is an SEC-registered investment adviser headquartered in Dallas, Texas.
