Vancouver, June 18, 2018 - AXMIN Inc. (TSXV: AXM) ("AXMIN" or the "Company") announces that it has received confirmation from Teranga that the Government of the Republic of Senegal has granted two new exploration permits under the 2016 Senegalese Mining Code for Sounkounkou and Bransan, encompassing the 17 target areas that the Company shares an interest in with Teranga.

The initial term of the exploration permits is for a period of 4 years with a requisite minimum expenditure commitment during this initial period. Thereafter, the exploration permits are renewable two times for consecutive periods not exceeding three years each, provided that Teranga has satisfied its work and expenditure commitments. The Bransan perimeter is 337.3km² and Sounkounkou is 291.7km², which together cover roughly 90% of the prior permit areas.

AXMIN Chairman Lucy Yan said, "The issuance of exploration permits for the additional targets, upon which AXMIN has a NSR royalty of 1.5%, is very good news for our company."
