Prophecy Issues Request for Proposal for Gibellini Vanadium Project EPCM and Sets Project Timetable

15.08.2018 | FSCwire

Vancouver, British Columbia (FSCwire) - <u>Prophecy Development Corp.</u> (“Prophecy” or the “Company”) (TSX:PCY, OTCQX:PRPCF, Frankfurt:1P2N) issued a request for proposal (the “RFP”) from qualified bidders for engineering, procurement, construction and management services (the “EPCM”) for operations at its Gibellini vanadium project (the “Project”). The Project is de to be an open pit, heap leach operation in Nevada’s Battle Mountain region, and is located about 27 miles sout town of Eureka.

The Project's EPCM work, based on technical data from an historic independent feasibility report submitted by E&C Services, Inc. on September 12, 2011, commenced in September 2011 with about 30% completion, before the rework was halted in November 2014, due to low vanadium prices. The Company is now re-initiating the EPCM work in little Preliminary Economic Assessment authored by Amec Foster Wheeler E&C Services Inc. and dated effective May 2 (see the Company's news release dated May 29, 2018), demonstrating a positive project internal rate of return 50.8% on an after-tax basis using a base-case vanadium pentoxide (V2O5) price of US\$12.73/lb. The most recent trad of V2O5 according to www.asianmetal.com, as of the date of this press release, is US\$18.50/lb.

The EPCM will consist of three phases:

 Phase 1 includes updating and simplifying previous basic engineering designs from producing delicate vanadium electrolyte to producing standard vanadium pentoxide off take product. The other parts of the design such as min waste dump design, road design, borrow pit design, buildings and infrastructure designs will not be substantially

Phase 2 will be procurement of the required equipment and services, and developing the detailed engineering de

- required to build the project facilities.
- Phase 3 will outline construction management services to build the facilities to accomplish the actual work.

The 20-page RFP is available at Prophecy's website: www.prophecydev.com, and access to the Project̵ technical data will be provided to interested parties.

All proposals must be returned to Prophecy by no later than the date indicated below. Proposals submitted after the dewill not be considered.

Important Dates*:

August 6, 2018: RFP issued

August 17, 2018: Interested bidders must send Notice of Intention to Prophecy

September 14, 2018: Deadline for questions to be submitted

September 21, 2018: Clarifications to be distributed

September 28, 2018 (3:00 PM PDT): Deadline for submission of EPCM proposals

*This timeline is subject to change. Any change will be communicated to all bidders.

21.11.2025 Seite 1/3

The Company expects Phase 1 of the EPCM, updating basic engineering design, to start in October 2018 and to be coby early 2020; Phase 2, equipment procurement and detailed engineering design, to be completed in early 2021; Phase facilities construction, to start in mid 2021 and be completed in early 2022 with the Project wet commissioning to be in the middle of 2022.
